Welcome to the 2022 Inavale Farm Horse Trials

# **Inavale Farm Horse Trials**

Welcome to the 24th annual Inavale Farm Horse Trials. Thank you for choosing to spend some of your weekend at our little slice of paradise. What an amazing spring we have had here in the Pacific Northwest. We have had continuous measurable rain the last several months. This seems like the turning point between the wet spring and the hot summer. Let's just hope we don't repeat the record breaking 2021 - 114F weekend. Does every year have to be a year to remember?

To our coaches and competitors, thank you for coming to compete here this weekend. We wish everyone the best of luck, have fun and ride safe. Please join us in thanking the sponsors and volunteers for their support.

To say things are a little non-traditional this weekend would be an understatement. It's been nearly 15 years since we held dressage out in the cross country fields, but those that have been around long enough surely remember it well. The amount of rain we have had this spring prevented us from getting the equipment on the fields to prepare the lower ground. What an amazing amount of cow food we have produced this spring. As it is, the parking in the east field is extremely limited to where we started getting the tractors and forklifts stuck.

Thank you to our Sponsors and vendors for your strong generous support. We hope this weekend is productive for you. May the new products and services you bring to the show be well received.

Volunteers, we greatly appreciate the efforts you have contributed to help prepare for this weekend. Thank you is simply not enough for everything you do to help with the show.

Everyone, please enjoy a safe and fun weekend. Let kindness be your moral compass and may you enjoy the company of close friends and horses.

Thank you.

Best of luck to the riders!

-Luigi and Caroline Meneghelli

with your board

## **Horse Trials Etiquette**

- Horses always have the right-of-way over pedestrians
- Listen for “Heads up” or “Horse on Course”
- Dogs must be on a leash or in a pen at all times. Please do not bring dogs near the Dressage or Show Jumping rings during competition or out during Cross Country
- Please remain quiet in the dressage area until the rider has completed their test, given the judge their final salute and is exiting the dressage arena.
- Remember that riders are eliminated for unauthorized assistance, so please do not give riders directions or advice. The only assistance allowed is catching a loose horse and providing a leg up.

# Thank you to our Wonderful Volunteers!

For all the outstanding help all these friends and near family have provided, please stop and join us in sharing our gratitude for their help with the Inavale Farm Horse Trials. We really could not do this without the help and support of so many terrific volunteers.

## Steve Storm Photography

I've been a sport photographer for 45+ years. This will be my 6th year photographing the Inavale Trials, while photographing 10-12 others equine show each year. I'm offering 2 packages; dressage/jumping (\$110) and a jumping only (\$90). I'll photograph all jumping competitors. Clients that ordered the jumping package in 2021 received an average of 12 edited photos each. If you wish to have dressage photos taken, please sign up in advanced.

I wish all competitors the best of luck this weekend.

# COMPTON

FAMILY WINES.

Regenerative  
Agriculture  
Practices

The guiding principle of our farm is the health of our family and of the land. We practice regenerative agriculture: farming in sync with nature to repair, restore, rebuild, and revitalize ecosystem function from the soil up.

## Some Local History: The Old Town of Inavale

People often ask the meaning of the name “Inavale”. When driving through the area, you might notice other references to the old community, such as Inavale Way or Inavale School. Almost nothing is left of the original settlement, but there are a few hard-to-find memorials in the area. At the corner of Bellfountain and Greenberry Road (about 3 miles away), a historical marker reads:

Site of  
Herbert Grist Mill  
1850  
George and Elizabeth Herbert  
Also site of Inavale P.O.  
1893  
John and Mary Mitchell

The Herbert Grist Mill was a flour mill on Beaver Creek from 1850 to at least 1866. The Herberts joined a wagon train leaving St. Joseph, Missouri, in May 1845. They found an open prairie in a valley (In-a-vale) and staked out a 640 acre land claim. To make good quality flour, they needed carved millstones, which came from France to New York, then around Cape Horn to Portland. From there the stones were transported by mule or ox team to the Willamette Valley. According to a descendant of the original Herbert Family, the Herbert millstones are now on display in Avery Park's rose garden in Corvallis.

John and Mary Mitchell ran the Inavale Post Office from 1893 to 1905.

A mile or so up the road on Bellfountain Road is the old pioneer cemetery, (photo on the right) Oak Ridge Cemetery. Its earliest readable grave marker is dated 1881, but it is possible there were earlier ones that can no longer be read. The cemetery was once associated with the Oakridge Presbyterian Church, formerly located on the north side of the cemetery, built in 1878. There are several family plots, likely filled with members of the old Inavale community.
