

sixteen fifty electric fire

No living space is complete without the Landscape 1650.

Offering single-sided, double-sided and triple-sided glass layout options, this range allows you the flexibility to express your style and create the perfect focal point for your room.

The display can be used with or without distributing heat, allowing you the visual firelight ambiance on a warm Summer evening or enjoy its distributed warmth and on a cold Winter night.

HIGH DEFINITION

Contoured realistic flame technology with a custom designed hand crafted log bed.

OPTIMAL CONTROL

Your flame is able to be controlled and customised by you along with the log fuel bed, You can also control the colour and brightness of the downlight as preferred by you.

SOUND EFFECT

With audio volume control, you can set the crackling of your fire to create your authentic fireplace.

REMOTE HANDSET

With your infrared remote, control your fire settings from the comfort of your sofa.

THERMOSTAT

Ultra quiet fan heater with a seven day programmer thermostatically controlled. (1-2kW)

OPTIONAL EXTRAS

Anti reflective glass and scene lighting LED kit available upon request.

WARRANTY

2 year warranty for added assurance.
