TED IS ALIVE AND WELL - AND GROWING IN THE SOUTH

The success and appeal of the TED concept – Telfer Electrical Deals – is alive and well in the deep South.

“TED” will be available in Mosgiel with a new Telfer branch planned to open late July, bringing the network to ten branches in all key markets from Nelson to Invercargill.

Steve Monaghan and Ryan McCaughan will be the guys responsible for all operating features of their brand new branch, offering all the services and knowledge every Telfer branch has. Both are well-known and experienced in all aspects of the industry and have considerable local support.
