EXTERIOR MINI MARINER

1.5W, 2700K, 24V DC, 110lm, CRI90, IP65 and crafted from 316 stainless steel or solid brass, the Mini Mariner is built to withstand the harshest NZ conditions. Designed with a balanced 42° optic, they are suited to install heights from 300mm to over 3m. The Mini Mariner series balances architectural form with purposeful function. Compact in scale yet rich in effect, it delivers warm, refined illumination with minimal visual impact, ideal for discerning landscapes and exterior spaces.

Elevate Every Install with new Resi9 Boards

Today's homes are smarter, more connected, and more energy-conscious than ever. With the rise of EV chargers, solar systems, smart meters, and enhanced protection devices, the humble switchboard has never been more important.

PDL's new Resi9 combined Meter and Data board meet this challenge head-on by providing a full metal enclosure solution, giving sparkies the opportunity to raise the bar in installation performance, professionalism and speed.
