# TRADE FLEX PRO

**NO WASTAGE. NO WORRIES.**  
TFP Linear Strip features a “free-cut” design and can be cut anywhere along the PCB. That means no inconvenient cut increments and no compromise on installation lengths, just precise trimming on site with minimal waste.

**EFFORTLESS INSTALLATION.**  
All kits include quick-connect feed connectors, joiners, L-connectors and feed cable, providing everything required for rapid on-site installation. Professionally soldered custom lengths, feeds, and joins are available on request.

**RELIABLE, FLEXIBLE AND PROFESSIONAL.**  
Available in 5W, 10W, and 15W per metre options, the range combines high-efficiency, dense diode spacings, excellent CRI90 colour consistency and long-term reliability.

The IP65 Nano coating creates a hydrophobic surface that resists water, oils, and dust complete with high-bond 3M adhesive backing as standard.

**GREAT FOR INTERIOR COMMERCIAL, RESIDENTIAL, AND CUSTOM ARCHITECTURAL APPLICATIONS**

Light, reimagined.  
On the right track.

Introducing the new track lighting range from Switch Lighting

A range of 48VDC architectural luminaires and track systems designed for modern homes. With clean, minimal styling, precise beam control and flexible configurations, the range is ideal for layered lighting across living areas, kitchens, galleries and feature spaces.

## Upgrade every install with Resi9™

Today's homes demand more from every install — with EV chargers, solar, smart meters, and advanced protection now standard. Your switchboard needs to keep up.

PDL's new Resi9™ Combined Meter & Data Boards deliver a durable, full metal enclosure solution that helps sparkies work faster and achieve a cleaner, more professional finish on every job.

### Experience Resi9™

In-branch Resi9™ activations and hands-on experiences are coming to a branch near you soon. Keep an eye on our social media platforms.

**Resi9™ — raise the standard on every install.**

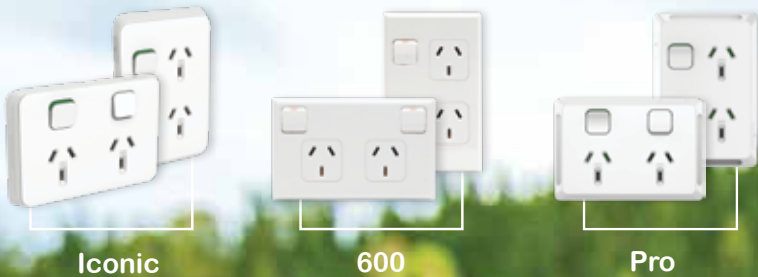

### FREE SOCKS LIMITED TIME OFFER

Spend \$250 + GST or more on Resi9 products and receive a pair of **CUSTOM-MADE HEAVY DUTY WORK SOCKS** While stocks last.

# Coffee to go

## Power your smoko with the perfect brew from PDL

Buy 50 x PDL Iconic, 600 series or Pro Series double sockets or a combination of all and receive a PORTABLE COFFEE MACHINE. Why? Because good work deserves great coffee, wherever the job takes you.

With this issue of TED, we encourage you to grab a Cookie Time chaser – we’re dropping 2,000 bite-size Chocolate Chunk packs across Active & Telfer branches to sweeten the deal.

That’s right — swing by, pick up your gear, fire up a fresh brew, and kick back with a cookie. Because even the hardest working tradies deserve a proper smoko.

The promotion runs from 1 July - 31 August 2026. In branch only. While stocks last.

## A brand rich with history.

Energizer began innovation in 1896 with the creation of the world's first dry cell battery. Since then, the Energizer brand has become synonymous with innovation and emerging technologies.

Energizer Solar is driving Energizer's pioneering spirit forward to bring better access to clean energy solutions that improve people's lives and our planet.

## Providing clean energy solutions for today and tomorrow.

## Energizer® Solar PV KIT

3.6kW Single Phase Grid Tied String Inverter System

### KIT CONTENTS

CODE	DESCRIPTION	QUANTITY
BEAM455WDGB48	Energizer Beam Solar Panel N-Type, Bifacial, Dual Glass, Full Black, 455w	8
MRAIL4700B	Mrac MA Rail, length 4700mm, Black	4
MRAILCAPB	Mrac END Cap for MA Rail, Black	4
MSPLICEB	Mrac Splice for MA Rail, Black	2
MLFOOTB	Mrac L Feet Lit, Black	18
MINTER3040B	Mrac Inter Clamp, 30-40 Kit, Black	14
MEND30B	Mrac End Clamp, 30mm, Black	4
MGCLIP	Mrac Grounding Clip (WEEB)	14
MGLUG	Mrac Rail Earthing Lug	2
MCCLIP2C	Mrac Cable Clip for PV Panel	32
SE015L	Genuine MC4 Connector Pairs	2
NL432PV	DC Isolating Switch, 4 Pole 1500V, Enclosed	1
GKITLAB	Label Kit DC Inverter Solar Installations	1
FORCESP3.6KW	Energizer Solar 3.6kW PV Grid-Tied Single Phase String Inverter	1
FORCECTSP	CT Clamp for Force PV String Inverter Series (Single Phase Only)	1

The mounting kit is for 1 row, with 8 x 455w panels, mounted in portrait mode. The mounting products are designed for a standard tin roof. Talk to your local rep about more string, hybrid, and battery storage system options.
