

Sending Faxes with Collaboration

The only way to send a fax on Wildix is through collaboration desktop version. Here is how this can be done:

1. Login to your account.
2. Click on the + icon.
3. Select “send fax”.
4. Enter the destination number.
5. Click on “choose files” and select the document to upload.
6. Optionally, check the fax cover box and configure setting or even postpone delivery.
7. Click on the paper airplane icon to send.
