Baptisms and Burials 1726-1812

And Marriages 1726-1748

Transcripts of the Parish Registers have come into our hands from research undertaken by members of the Grimsby Family History Society, Doreen Tyson and Tom Wood. These are invaluable resources for our village history and copies are lodged in the Village History Archive and are available for group and individual research projects.

This volume covers the period 1726 to 1812 and is a transcript of 'General Register 2 of St Helens Church, North Thoresby. By each entry there is a letter B for Burial, or C for Christening or M for Marriage (the latter only until 1748, when marriages were recorded in a separate Register and are included in a separate volume of our records booklets).

To begin with the three types of event are recorded separately Baptisms, Burials (Sepulti) and Marriages (Nupti) but from 1733, they are jumbled together by date, with the letter key to identify which event it was. Interestingly, the new year for recording these events began on March 25th until 1762, when it switched to January 1st. This reflected the switch in Britain to the Gregorian calendar 10 years earlier.

Ages are not given in burial records until very late in the eighteenth century and brief details of the deceased are given, or not, randomly. Parents of those baptised are given. An index of marriages, by surname, is given at the end.

NORTH THORESBY, LincolnshireTranscript of the General Register ("No 2") of Baptisms & Burials 1726-1812 and Marriages 1726-1753

This transcription is not an exact copy of the original. The entries have been simplified, without altering any spelling, to facilitate the transcription. Any abbreviations are those as they occur in the register.

To denote an event a letter (C = Christenings/Baptisms, M = Marriages and B = Burials) follows the date.
