Transcript of the Parish Records of North Thoresby

Baptisms 1813-1854

Transcripts of the Parish Registers have come into our hands from research undertaken by members of the Grimsby Family History Society, Doreen Tyson and Tom Wood. These are invaluable resources for our village history and copies are lodged in the Village History Archive and are available for group and individual research projects.

This series reflects a growing population in the village and gives us a record of occupations too. The booklet format makes it accessible to our group members in hard copy and pdf versions.
