## **Burials 1813-1880**

Transcripts of the Parish Registers have come into our hands from research undertaken by members of the Grimsby Family History Society, Doreen Tyson and Tom Wood. These are invaluable resources for our village history and copies are lodged in the Village History Archive and are available for group and individual research projects.

This volume gives us information which can act as a platform to study life expectancy and the trends during the nineteenth century. The booklet format makes it accessible to our group members in hard copy and pdf versions.
