Transcripts of the Parish Registers have come into our hands from research undertaken by members of the Grimsby Family History Society, Doreen Tyson and Tom Wood. These are invaluable resources for our village history and copies are lodged in the Village History Archive and are available for group and individual research projects.

NORTH THORESBY, Lincolnshire

Transcript of the Baptisms Register 1854-1989

For the purposes of this modern transcript a standard presentation has been adopted which differs from the entries as they were originally recorded.

All name spellings are those as recorded and any first name abbreviations have been copied exactly. The only abbreviations used widely in this transcript are 'NT' for the place name of North Thoresby, 'GP:' for God Parents and 'RIC' for Received into Church.

At certain times it became routine to record dates of birth in addition to the date of baptism. These have been recorded where they occur.
