

Introducing \$ZLNC

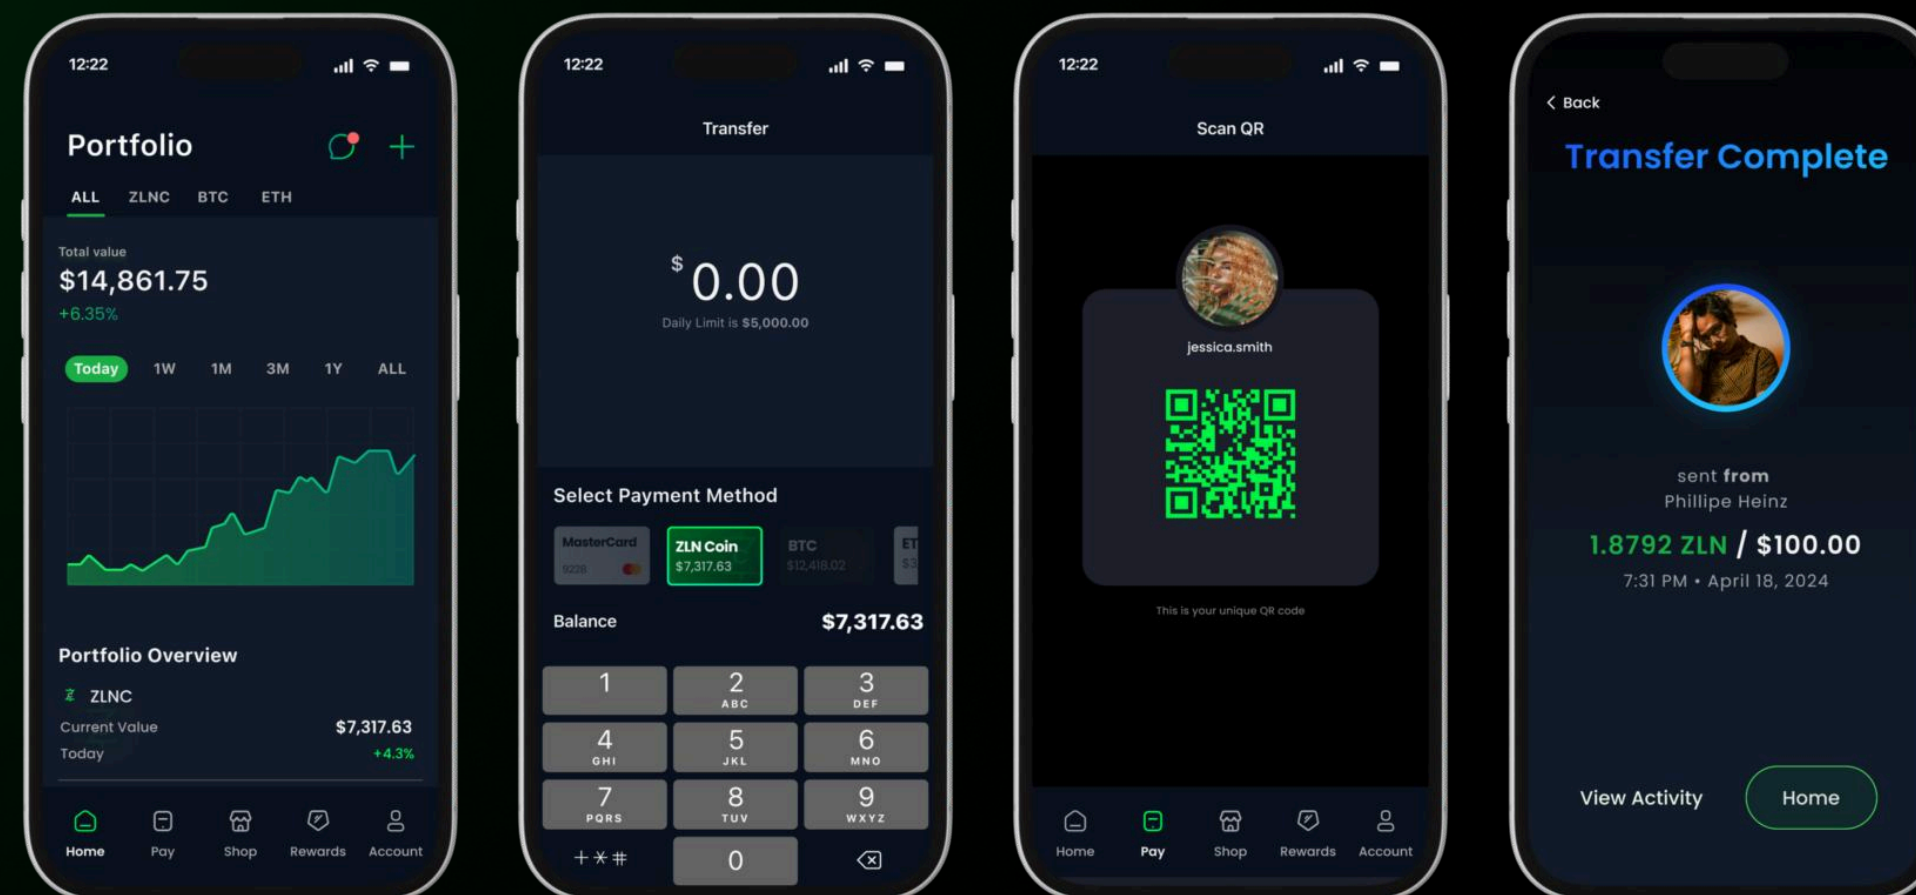

Bridging crypto, compliance, and commerce

Next-Gen Transactional Super App

ZELEN Systems is building the Next-Gen Transactional Super App—making digital payments seamless, compliant, and rewarding for consumers and businesses alike.

- **Instant Crypto → FIAT Conversion:** Eliminates volatility at checkout, protecting merchants. Low transaction rates deliver savings traditional processors can't match.
- **POS-Ready & Fully Compliant:** Integrates with existing systems for frictionless adoption.
- **Multi-Chain Digital Wallet:** Spend, swap, and store BTC, ETH, \$ZLNC + more.
- **Beyond Payments:** E-commerce, delivery, P2P transfers, marketing, loyalty & rewards—all in one Super App.

ZELEN Systems: Unlocking the Future of Digital Transactions

The Power of \$ZLNC

- **Drives Transactions:** Revenue from every sale, conversion margin, and platform activity
- **Build-in Demand:** Used for payments, rewards, and business services
- **Loyalty Engine:** Rewards programs that drive repeat purchases & retention
- **Frictionless Expansion:** POS-ready token adoption across industries
- **Purpose-Built for Cannabis:** \$38B+ economy lacking compliant digital solutions

Market Opportunity

- **\$1.2T+** annual transactions in North America
- **20M+** crypto wallet users in the U.S
- **40%** of U.S. adults under 40 open to paying with crypto
- **Thousands** of dispensaries need compliant, cashless solutions

The ZELEN Advantage

- A digital command center for retailers.
- Secure, compliant, and scalable infrastructure.
- Led by a team with proven execution at Live Nation/Ticketmaster, ESPN BET, Microsoft, and global fintech/blockchain ventures.

👉 In short: \$ZLNC turns payments into growth—for businesses, consumers, and investors.
