Where did you grow up? How long have you lived in the area? Tell us about your family.

I am a Corpus Christi native and moved here 27 years ago to attend college.

I'm married to my husband Chad of 18 years and have 2 fur babies (Mia the Pug and Chloe the French Bulldog). We love outdoor water activities during the summer and snow skiing trips in the winter.

Tell us about the events that led up to where you are now? (i.e. education, career path).

I graduated from Texas State University in 2002 with a Bachelor of Science in Interior Design and a double minor in Art and Technology.

I worked for a high-end interior design firm developing my skills prior to founding Swag Interiors.

What is your business and how/why did you start your business?

Swag Interiors is a full-service interior design business, handling anything from room styling to new furnishings and construction selections.

I have had a passion for design since I was a child and love that every day is different.

What is unique about your business (what sets you apart from the rest)?

I especially enjoy building trust-based relationships with every client. I pride myself on my keen listening skills, attention to detail and likeable personality. It is important that my client's home is beautiful, functional and represents their intended style. It is very rewarding seeing how happy my clients are at the completion of a project.

Given your business expertise and the nature of what you do, what advice (whether general or specific) can you offer to the residents?

Every project is unique to each client and should be tailored to meet their needs, budget and desired aesthetic.
