

CADILLAC MEMORIAL GARDENS EAST

Clean up: The cemetery has two scheduled clean ups per year when ALL decorations will be removed.

Spring Clean-Up: March 1st – March 15th (Weather permitting)

Fall Clean-Up: November 1st – November 15th (Weather permitting)

The full Rules & Regulation Packet can be requested from the office or found on our website, under "About Us"

Flowers

One arrangement of fresh or artificial flowers is allowed per burial space. All decorations must be contained in a bronze vase or cone case container. (Complimentary cone vases are provided for your convenience from April through October in the Cemetery Office)

Potted plants are allowed for special occasions and holidays. They will be allowed to be left on the burial space for up to one week.

Flowers from a recent funeral may be removed after 3 days.

Plantings

The Planting of an annual personal flower bed is allowed in a designated area of the burial space and in a specific size and shape. The soil will be prepared for you and requires you to contact the cemetery office for a Work Order. Maintenance, including regular watering is to be done by purchaser.

All flower beds must be removed by October 1st or by the first frost, whichever occurs first.

Flags

Flags must be placed in a vase container. An exception to this rule is made for Veterans Day, Memorials Day, and all other recognized Veterans holidays. The flags will be permitted for two days before and after each of those holidays.

Candles

One Votive Candle is allowed per burial space. No Glass.

Grave Blankets and Wreaths

Winter grave blankets and wreaths (not purchased through the cemetery) are allowed for placement after the Fall Clean-Up (approximately November 15th) and must have a removal tag. Removal tags are available for purchase after Nov. 15th in the main office.

Mausoleums - Crypts & Niches

Fresh flowers are not permitted inside the mausoleums (except for day of entombment). Fresh cut or artificial are allowed on the outside of the building. No tape, stickers, or wires are allowed on the crypt or niche fronts.

Bronze Memorials/Granite Benches

Granite bases are required for all bronze memorial markers and benches. Any bronze memorials or granite benches purchased outside of the cemetery must be approved by the cemetery.

Seeding of New Burials

The settling of a new burial is a four to six-week process. Depending on the type of soil and the amount of rainfall, the settling time may vary. Once the new burial has settled below ground level, dirt, top soil, and seed will be added to complete the burial.

In order to provide professional lawn maintenance, the following ARE NOT ALLOWED: Glass containers, wires, rocks (stones), edging, fencing, statues, sculptures, solar lights, balloons, lawn ornaments, shepherds hooks, woodchips, and perennials. Anything left on the grave that is not allowed will be discarded.

Cadillac Memorial Gardens East reserves the right to remove flowers when they die or become unsightly.

Cemetery is not responsible for theft or vandalism.
