This is the text area for you to write about yourself. Like, I'm Anna 41 years old, and welcome new clients. I have 12 years of experience in disability support. Three of those years were spent in 24-hour support care and the last 2 years as an independent support worker. Most recently I've been focused on palliative care. I'm extremely passionate about the care I provide.

I'm positive, and motivated and always enjoy meeting new people. I love the beach, church, hiking, exercise, fishing and golf. I have a patient, understanding, and friendly personality. I'm more than happy to provide references on request. I hope to connect with you soon.
