1. Policy

- 1.1. For children to participate in our programs, parents or guardians are required to read and agree to a series of waivers and consent forms. These waivers and consents are essential for ensuring the safety and inclusivity of the programs we offer.
- 1.2. All parents or guardians enrolling their children must provide these completed waivers and consents. Failure to submit the required forms will result in the child being voluntarily withdrawn from the program, and all associated fees will be forfeited.
- 1.3. By agreeing to these waivers and consents, parents help us maintain a safe, supportive, and well-managed environment for all participants.
