At Huracán Nero Auto Spa, we take pride in the quality of our work and the premium protection products we apply. This Limited Warranty reflects our commitment to excellence and our confidence in the performance of our coatings and films. SECTION 1 – COVERED COATINGS

This warranty applies to the following Huracán Nero Auto Spa coatings:

- Huracán Nero Ceramic Coating (3, 7, 10 year warrantied)

SECTION 2 – COVERAGE LIMITATIONS

Huracán Nero Auto Spa warrants the above systems against naturally occurring environmental damage, including but not limited to:

- Tree sap buildup
- Certain environmental fallout

Important Note: Bird droppings, bug splatter, and similar contaminants must be removed within 24 hours to reduce the risk of permanent etching or staining.

This warranty further guarantees that properly maintained vehicles will retain surface gloss and appearance at a higher standard than untreated vehicles, provided that the following practices are avoided:

- Use of automatic car washes
- Use of friction-based washes
- Washing in direct sunlight
- Application of waxes or other coatings on painted surfaces
- Use of abrasive materials for washing or drying

All Huracán Nero Auto Spa products are safe for use on OEM paintwork and will not damage manufacturer finishes.

- Vehicles with no visible clear coat damage, defects, or fading.
- New or pre-owned vehicles with original factory paint.

SECTION 4 – TERMS OF COVERAGE

- Warranty is valid only when applied by a Huracán Nero Certified Applicator, trained and approved by Huracán Nero Auto Spa.
- Warranty coverage applies only to the original vehicle owner and is non-transferable. Coverage becomes void immediately upon change of ownership.
- To remain valid, the vehicle must undergo an annual inspection within 30 days before or after the application anniversary date, performed **exclusively at Huracán Nero Auto Spa**. This inspection includes a wash and warranty check, billed at \$65.
- Failure to complete an annual inspection will result in immediate voidance of warranty coverage unless prior written notice of cancellation or rescheduling is provided at least 48 hours before the due date.
- Coverage becomes active 72 hours after application, allowing time for the coating to cure.
- Warranty is only valid if all recommended paint correction was completed before installation.

SECTION 5 – ACCIDENTAL DAMAGE

In the event of an accident that requires repainting, the following conditions apply:

1. All coating must be removed prior to paint repair by a Certified Applicator or another credible specialist. A valid receipt must be provided as proof of service.
2. The vehicle owner must receive approval from Huracán Nero Auto Spa prior to scheduling or authorizing any third-party paint repair work.
3. The repaired area must be re-coated with Huracán Nero products by a Certified Applicator.
4. The cost of reapplication is the sole responsibility of the vehicle owner or their insurance provider.
5. Reapplication rates will vary depending on the extent of the required work. For a customized quote, please contact a Huracán Nero Specialist.

SECTION 6 – REPAINTED OR REPAIRED PANELS
