**SHOWER SCREENS AND MIRRORS**

## FRAMELESS

Frameless shower screens are made with 10mm Toughened safety glass in accordance with Australian Standards AS1288. Their sleek and elegant design will enhance your bathrooms appearance and add \$\$\$ to the value of your home. From their modern look and easy to clean practicability you will be more than satisfied with this purchase for years to come.

## PERIMETER FRAMED

Perimeter Shower Screens have proven to be a very popular choice within new builds and existing shower replacements. With the frame only surrounding the perimeter of the shower, the glass panels are frameless providing a sleek new look!

## DELUXE SEMI-FRAMED

Deluxe Semi-Framed shower screens are a more affordable design which offers features similar to frameless shower screens. These screens are made with 6mm toughened safety glass and have an aluminium frame around the perimeter with exposed edges on the door.

## SEMI-FRAMED

Semi-Framed shower screens offer exposed edges on the leading edge of the fixed panel and the trailing edge of the door. These screens are made with 5mm toughened safety glass and have an aluminium frame around the perimeter.

## FULLY FRAMED

Our most affordable shower screen, Fully framed shower screens are made with 6.38 laminated safety glass and have aluminium frame with no exposed edges.

## SHOWER AND BATH PANELS

Latrobe Valley Glass offers a variety panels for shower and bath areas. Framed or frameless, shower or tile base, fixed or swing, they all can be custom made to suit your area.
