

COSHH Risk Assessment

052511_Triple 8 Dose Multi Purpose Cleaner 1L

Physical Properties (9):	Classification (2.2)	Environmental:	Important:
MSD: 08/10/2025 Version: 10.56  Liquid; blue; pine odour. pH 10.5; relative density 1.07. Soluble in water; boiling point ≥ 100 deg C.	 GHS07 H315 - Causes skin irritation. H319 - Causes serious eye irritation.	Avoid release to the environment. Mixture is not classified as aquatic hazard but contains surfactants. Rapidly degradable; collect spills.	Professional use only. Dilute before use as stated in RAMS. Wear gloves/eye protection when handling concentrate or if splash risk. Do not mix with other chemicals.
STORAGE (7)			
Hazards During Storage:	Incompatible Materials:	Control Measures:	Action Required:
Leaks or splashes may cause skin and eye irritation. Concentrate is alkaline and can irritate on contact. Spillage may create slip risk.	• Oxidising agents, • strong acids and • strong bases. Keep only in original container and do not mix with other products.	Store upright in original labelled container. Keep container closed when not in use. Store securely away from children, food and drink.	Check container and label before use. Remove damaged/leaking containers from use. Keep SDS/COSHH assessment and dilution instructions available.
Normal Use:	Good Practice Controls:	USAGE	Control Measures During Use:
All-purpose cleaner for water-washable surfaces. Dilutions: 1:50 (2%) floor/general cleaning; 1:75 (1.33%) bar/cellar spray cleaning; 1:250 (0.40%) damp mopping/cellar floors.	Avoid skin and eye contact. Wash hands after handling. Do not eat, drink or smoke when using. Use wet-floor signs where mopping.	Dilute with water to the correct RAMS ratio. Use for mopping, manual floor cleaning, hard surface cleaning, spray and wipe, and bar/cellar cleaning tasks only.	PPE: nitrile/chemical resistant gloves. Wear eye protection for concentrate/general hard surface work or splash risk. Safety footwear for mopping/floor tasks. Use with normal ventilation.

FIRST AID MEASURES (4)

Inhalation: Remove person to fresh air and keep comfortable for breathing. Get advice if unwell.	Skin: Wash with plenty of water/soap. Remove contaminated clothing and wash before reuse. Seek advice if irritation occurs.	Eyes: Rinse cautiously with water for several minutes. Remove contact lenses if easy. Continue rinsing; get medical advice if irritation persists.	Ingestion: Give nothing or a little water to drink. Get medical advice/attention if unwell. Do not induce vomiting unless advised.
---	--	---	---

DISPOSAL

Do not allow neat product or spillages to enter drains, soil or watercourses. Collect spillage and absorb with inert material.	Dispose of contents/container in accordance with local regulations and licensed collector's instructions.	Waste code: 20 01 29* - detergents containing dangerous substances. Empty/clean containers through approved site waste route.	Store waste securely pending collection. Keep disposal/spill records where applicable. Do not mix waste with other chemicals.
--	---	---	---

Risk Classification:	 Overall Risk: MEDIUM for handling concentrate. LOW-MEDIUM when diluted correctly and controls are followed. Approved for listed general cleaning tasks only, with correct dilution, gloves and eye/safety footwear controls as applicable.
