

COSHH Risk Assessment

H6 General All Purpose Sanitise_ BB457-1

PROCESS STAGE	POTENTIAL RISK	CONTROL MEASURES	ACTION REQUIRED
HAZARDS IDENTIFICATION (2)			
<p>(9) Colour: Yellow Appearance: Liquid. Odour: Lemon Fresh pH 6.5</p>	<p>H314 Causes severe skin burns and eye damage. H400 Very toxic to aquatic life. H411 Toxic to aquatic life with long lasting effects.</p>	<ul style="list-style-type: none"> • Provide adequate ventilation. • Store in tightly closed, original container • Avoid contact with skin and eyes. • Wear personal protective equipment. • Store in its original container. • Keep containers in secure storage areas. Restrict access to storage areas to authorised personnel. • Never mix cleaning chemicals together 	<ul style="list-style-type: none"> • Use oldest stock first. • Make regular checks to ensure that storage area is clean and tidy. • Make regular checks to ensure that containers are not split or blown. • DO NOT Mix with other products • Keep container closed when not in use. • Avoid breathing spray. • Wash hands thoroughly after handling. • Ensure that operatives are aware of location of First Aid facilities and personnel • Ensure Good ventilation
STORAGE (7)			
<p>Containers must be stored upright in a cool, dry storage area. Product must be kept stored in its original container. Keep out of reach of children.</p>	<p>Incompatible: Oxidising materials. Acids.</p> <p>Spillages or uncontrolled discharges into watercourses must be reported immediately to the Environmental Agency or other appropriate regulatory body.</p> <p>Thermal decomposition or combustion products may include the following substances: Irritating gases or vapours.</p>	<p>Store away from Oxidising materials i.e. bleach and hypochlorite as toxic gas will be evolved.</p> <p>Keep containers in secure storage areas. Restrict access to storage areas to authorised personnel.</p>	<p>Use oldest stock first. Make regular checks to ensure that storage area is clean and tidy. Make regular checks to ensure that containers are not split or blown.</p> <p>Small Spillages: Flush away spillage with plenty of water. Large Spillages: Contain and absorb spillage with sand, earth or other non-combustible material. Collect and place in suitable waste disposal containers and seal securely.</p>
USAGE			
<p>Product is sprayed onto surface or applied with a cloth. Rinse with a clean damp cloth.</p>	<p>Risk of serious eye damage. Risk of inhalation.</p>	<p>Handle the containers with care. Wear Personal Protective Equipment. Ensure that the container is returned to store when not in use. Always read the manufacturer's instructions prior to use. Ensure that all spillages are wiped up</p>	<p>Provide employees with PPE as follows:</p> <ul style="list-style-type: none"> • Eye protection • Suitable protective clothing • Protective Gloves <p>When mixing solutions, ensure that operatives add product to water.</p>

		immediately.	Ensure that operatives are aware of location of First Aid facilities.
