1. Pre-Inspection
2. A thorough vacuuming
3. Moving light items
4. Spot treatment
5. Deep Encapsulation Extraction
6. Post inspection
7. A FREE bottle of CleaneR & a brush

Carpet Dry Time & Instructions

Typical carpet dry time is between 2-3 hours. If your carpet has not been cleaned in the past 12-18 months, had spots & spills or pet accidents, dry time can take up to 8 hours. Having circulation such as heat or air & fans will speed up your dry time. For best results, vacuum your carpet once completely dry.

Steps \$55 Large or Wide Steps \$75 Per Step \$3.50

A Bottle Of CleaneR \$13.99 A Bottle Of Uh Oh \$18.99

Pet Treatment: Uh Oh Accident CleaneR

Our Uh Oh Accident CleaneR kills bacteria left behind from urine & feces. This is essential to a proper professional carpet cleaning. 1 gallon covers 5 dinner size plates of saturation or approximately 1 STANDARD room of overall coverage. We can use a black light to determine the amount of solution needed.

\$40 Per Gallon

\$19 Bottle
