

SPONSORSHIP PACKAGES

SEASON 2026
BUCKLE UP

OVERVIEW

- Farming is the heart of the Bridgewater district with the Loddon River as the life blood of this quaint little town that begun in the 1860's when gold was discovered in a nearby district.
 - o Just a stone throw from the banks of the Loddon River, the Bridgewater Football Netball Club exists and continues to grow. Known as the blood-stained angels up until 1980 (as the club's colours are red and white), it transformed into the Mean Machine in the 80's as the opportunity to win flags grew as the club dominated the competition.
 - o Over the past decade, with the assistance of a strong and hard-working committee, we have improved not only the club's facilities but also our teams' performances both on the footy oval and the netball court.
 - o Since 2008, the club has tasted a lot of success with premierships in various grade of both Football and Netball. Our Senior football team in 2016 broke the league record for consecutive senior premierships by winning seven in a row. The club's community is extremely proud of these achievements brought about by many years of hard work and dedication.
 - o We currently have a membership base exceeding 200 and draw crowds of over 300 people to nearly every home game.
- Anyone who is seeking sponsorship options for business or personal reasons should consider the Bridgewater Football Netball Club as a very marketable club to be involved with and we would love the opportunity to build a relationship with you over the next few years.

THE FUTURE

- The 2026 season is just around the corner and hopefully a successful one for us all. As I am sure you have heard in the media, the Club has been busy in the off season with its recruiting of some well known and high-profile players to join the “Bridgy Family”. Some of these players are returning to their Junior Club whilst others will be proudly wearing the red and white for the first time. Put these players together with the young ”guns” the Club has developed over the last couple of years, and it makes for a very exciting time. It is so great to see the amazing young talent emerging in both netball and football as it is these young players that are the future of this Club.
 - o It is well known that the Recreation Reserve is the heartbeat of this close-knit township. It is used by more local user groups than any other facility in the community. With the improvements made to the Reserve over the last couple of years and the recent installation of a new cricket net practice area it plays a crucial part in keeping the community engaged and connected. Improvements like these cannot be achieved without the support of you our loyal sponsors and also the Loddon Shire Council and Derby Hall Committee. These groups have been huge contributors in helping to improve the facilities to make it an enjoyable place to come for some good old country sport.
 - o If you would like to be a part of this fantastic club through buying a membership or if you are a business owner, why not buy a sponsorship? If your business is looking at a signage sponsorship, the oval and netball court areas at the Recreation Reserve are in a prime position being visible to all visitors to the town.
 - o The following pages provide you with the sponsorship packages that are available for the 2026 season.
- Please take the opportunity to have a read through this document and your support will help us keep a family day of country sport going.
