

DSP SPOTLIGHT!

We are pleased to spotlight DSP (Direct Support Professional) Aaron Gillespie!
Aaron was perplexed by why people do what they do (nature vs nurture). He took a great interest in psychology/mental health/addictions and pursued his Master's degree in Social Work. During this time, he took a position as a DSP and really liked it. In 2021, Aaron returned to the field and has now worked as a DSP for 7 years!

Aaron feels he has learned the most from his clients! His favorite part of being a DSP is when there is a noticeably positive difference in the lives of the people he serves. He does not like jobs where he is just sitting at a desk and being a DSP is exactly what he loves doing!
Aaron enjoys going hiking, creek walking, and playing video games with the person he provides services to.

In his free time, he enjoys spending time with his cars and Jesus! Aaron also likes to reminisce about life's past occurrences and plan for future ones.

Thank you, Aaron, for all you do to support the people served in Warren County!
