Liv Wills

Following in her mom's footsteps, after graduating high school, Liv decided to pursue a career in the field. She has worked as a DSP for 3 years!

"I don't think I can name just one thing that I love about being a DSP. I enjoy the variety of each day, the chance to support and encourage the people I interact with, and the meaningful relationships I build with each individual and their family. Seeing their progress, celebrating their success, and knowing that I can be a light in their lives is incredibly rewarding. Every moment I spend with my friends reminds me why I love being a DSP."

Liv loves to do things that help her connect, have fun, and make memories with the people she supports.

In her free time, she enjoys spending time with her young adult group (Impact), being with her family, fishing, hiking, and thrifting. The person that nominated Liv said, "Liv's care, heart, and quiet strength is extraordinary. She is really making a difference every single day. I am sure the individual's and families she supports would agree!"
