### **PROVIDER SPOTLIGHT**

## LIV WILLS

Following in her mom's footsteps, after graduating high school, Liv decided to pursue a career in the field. She has worked as a DSP for 3 years! "I don't think I can name just one thing that I love about being a DSP. I enjoy the variety of each day, the chance to support and encourage the people I interact with, and the meaningful relationships I build with each individual and their family. Seeing their progress, celebrating their success, and knowing that I can be a light in their lives is incredibly rewarding. Every moment I spend with my friends reminds me why I love being a DSP." Liv loves to do things that help her connect, have fun, and make memories with the people she supports. In her free time, she enjoys spending time with her young adult group (Impact), being with her family, fishing, hiking, and thrifting. The person that nominated Liv said, "Liv's care, heart, and quiet strength is extraordinary. She is really making a difference every single day. I am sure the individual's and families she supports would agree!"

## Support the Warren County Board of Developmental Disabilities' Emergency Food Drive

Millions of Americans, including many people who receive services from the Warren County Board of Developmental Disabilities, are at risk of losing access to their Supplemental Nutrition Assistance Program (SNAP) benefits in November due to the government shutdown. This creates a serious hardship for people with disabilities, who often face higher living expenses and limited income.

In response, the Warren County Board of Developmental Disabilities is hosting an emergency food drive until Thanksgiving. Anyone can drop-off non-perishable food and sanitary items to the Warren C. Young Center located at 801 Drake Road in Lebanon, Ohio.

For questions about this food drive, contact Megan Becker [megan.becker@warrencountydd.org](mailto:megan.becker@warrencountydd.org).

## Register for Virtual Town Halls to Discuss interRAI Assessment Tools

DODD and Deloitte Consulting will host virtual town hall meetings to share updates and answer questions about the interRAI assessment tools. These tools will replace the Ohio Developmental Disabilities Profile (ODDP) and the Acuity Assessment Instrument (AAI).

The town hall sessions will be held on November 7 at noon and November 12 at 4 PM.
