## Make the Straw

### White Thread

- Fold the small white rectangle in half lengthwise.
- Blanket stitch along the open edge to close it.

## Attach the Straw

- Sew the straw onto the top piece of the juice box (a red rectangle), near the edge where the opening will be.

# Add the Bottom Panel

## Red thread:

- Center the red strawberry piece on the white scalloped rectangle and stitch all the way around.
- Stitch the green leaf onto the top of the strawberry.

- Using the red thread, place the finished strawberry label onto one of the large red rectangle pieces (this is the front of your juice box) and stitch it in place.

# Assemble the Juice Box

## Attach Sides and Bottom:

- Line up the side and bottom panels with the front panel (the one with the strawberry).
- Blanket stitch them on using red thread

# Attach the Back

- Add the back red rectangle piece, blanket stitch around to connect it to the sides and bottom.

## Stuff the Box

- Lightly add stuffing inside the juice box to give it shape.

## Attach the Top With Straw
