4 Pieces of Cheese

2 Pieces of Lettuce  
Stuffing  
Needle Threader  
3 Needles  
Thread  
Taco Holder

## Taco Shell & Tomato Instructions

### Taco Shell

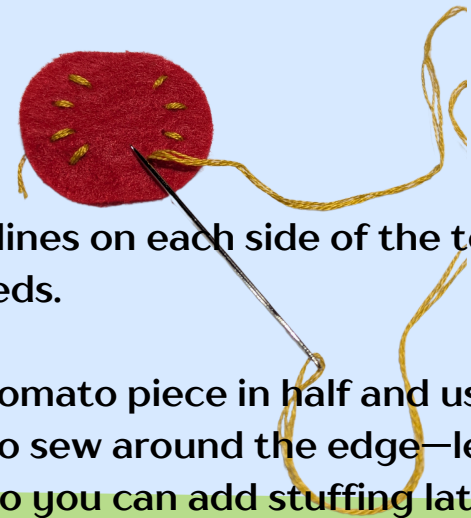

Place the straight felt piece in the center of two taco shells and pin them together.

Use a blanket stitch to sew all the way around the edge.

Then, repeat the same steps with the second taco shell on the other side.

### Tomato

Sew four short lines on each side of the tomato to make the seeds.

Then, fold the tomato piece in half and use a blanket stitch to sew around the edge—leave a small opening so you can add stuffing later.
