

Dundas Veterinary Group is proud to be a member of the Royal College of Veterinary Surgeons' Practice Standards Scheme

As a General Practice level accredited practice, we have passed an inspection, carried out every 4 years. It focuses on a range of areas, including clinical governance, facilities, hygiene, health and safety to name just a few of the many criteria.

This gives you, the client:

- Peace of mind
- Quality care for your animals
- Assured Standards

The scheme is a voluntary initiative. We are one of the few practices in Edinburgh participating so look for the logo.

For further information, please use the following link to the RCVS website:

www.rcvs.org.uk

Dundas Veterinary Group is also an Approved Veterinary Nurse Training Practice

As a Training Practice we undertake to provide clinical training for our student nurses. This means that we are inspected by a Veterinary Nurse Approved Centre, responsible to the RCVS Awarding Body, to ensure that the practice meets the Standards necessary to provide a suitable environment for training. This together with the accreditation of General Practice, illustrates our commitment to education and training of all our staff.
