

MANSIO'S MISSION

Mansio Montessori of Geneva's mission is establishing a lifelong love of learning through critical thinking skills, inquisitive conversations in a safe, nurturing, and stimulating environment.

MANSIO'S VISION

Mansio Montessori of Geneva strives to be recognized as Fox Valley's leading choice for quality Montessori education.

MANSIO'S VALUES

- Diversity
- Longevity of our experienced staff and what they bring to the classroom
- Child-centered Montessori training
- Continuous school improvement
- Global innovators of tomorrow
- Parent education and collaboration
- Our support to parents through plains of child development
- Providing children with a sense of community and stewardship (which includes financial, intellectual, social and emotional investment)
- A prepared environment that fosters independent and individual learning
- Provides solutions/in-house services
- Inter-generational staff/children
- Flexibility
- Respect
- Meeting the child where they are

We believe we live our Mission daily through providing children with a nurturing environment of love and respect which fosters their independence and instills a sense of community while also allowing them to become self-directed learners. We see our success if a child understands they are responsible for the choices they make and the importance of serving their community. For example, our children perform at a holiday sing to entertain the senior population, at our local, neighborhood retirement facility.
