

Utility-Owned Equipment VS Commercial Customer-Owned Equipment

The illustration below helps explain equipment ownership and responsibility regarding maintenance and repairs. The utility is responsible for utility-owned electric equipment (green) and water equipment (blue), while customers are responsible for customer-owned electric equipment (yellow) and water equipment (orange). Customer-owned equipment should be repaired by a licensed tradesperson.

CUSTOMER OWNED

*This illustration depicts commercial service for overhead electric, underground electric, and water main utilities. **Please be aware of the type of service you receive in your business.** Some businesses also have private fire hydrants and private fire protection service lines which are customer owned. Customers should contact us with specific questions.*
