Re: MCAO QC Manual available to all Members

The MCAO QC manual provides a straightforward, cost effective document for QC of Shop Fabrication, Field Installation, Erection of Piping Systems and Repairs/Alterations of Boiler and Pressure Vessels.

In accordance with regulations monitored by the TSSA, MCAO has created a customizable template for Quality Control (QC) at a one time purchase fee of \$1,500.00 + tax.

All changes/revisions to this manual will be distributed to all participants at no additional costs.

Should you decide to purchase the QC manual please contact our office (mcao@mcao.org or call 905-629-0344) and MCAO will issue you the QC manual along with a manual Control Number.

The initial fee is quite high however your savings will be recognized when upon your renewal of the manual:

- Cost of Manual (payable to Mechanical Contractors Association of Ontario) **\$1,500.00** + tax.
Should you require proof of membership upon renewal, please contact the MCAO offices and we will provide a letter of good standing.
- TSSA Renewal Cost WITHOUT MCAO Discount: **\$3,267.00** + tax.
- TSSA Renewal Cost WITH MCAO Discount: **\$2,311.00** + tax (savings of **\$956.00**).
- Manual renewal is every three years.

The application can be found on the website link along with the Quality Program guidelines/requirements and application form: <https://www.tssa.org/boiler+pressure+vessels>
