

## Protocols for Barefoot Bowlers

To help care for the greens, please observe the following:

- Although it is called Barefoot Bowls, bowlers may wear footwear with flat, smooth soles, thongs or bare feet.
- Do not run or jump on the green.
- Release your bowls close to the green surface to avoid 'dumping' or dropping of your bowls.
- Do not eat, drink, or smoke while on the greens.
- Children must be supervised at all times.
- On completion, please replace all bowls as a matching set of 4.

Have fun and enjoy your game!

Thank you for your co-operation.
