## Tanya Steeves

Lead Lighting Designer  
LC (Lighting Certified)  
WSP Engineering

### **Bio:**

Tanya Steeves, LC is an accomplished Lighting Designer with more than eight years of experience delivering comprehensive lighting solutions for a wide range of interior and exterior building environments. With a strong foundation in both technical lighting design and project execution, Tanya is recognized for her ability to integrate creative vision with practical, results-driven delivery. Her multidisciplinary expertise enables her to contribute effectively across all phases of design and construction. A Lighting Certified (LC) professional, Tanya is a passionate advocate for lighting education within the design community. She currently serves as President of the Illuminating Engineering Society (IES) Edmonton Chapter and leads the Women in Lighting and Design (WILD) Edmonton Chapter, where she actively promotes mentorship, professional development, and industry engagement.

### **Company information:**

WSP Canada is a leading professional services firm delivering engineering, advisory, and environmental solutions across the built and natural environment. With thousands of experts nationwide, WSP Canada supports clients through the full project lifecycle—from planning and design to construction and operations—across sectors such as transportation, buildings, energy, water, and climate resilience. As part of the global WSP network, the firm combines local expertise with international reach to help communities thrive and address today's most complex challenges.
