OPPORTUNITY

The Alberta Electrical Alliance will be hosting its 31st Annual Electrical Learning EXPO, March 11-2026 at the Edmonton Exhibition Centre. This is your opportunity to deliver an interesting technical presentation to an estimated 300+ members and guests of the AEA.

TECHNICAL - TOPICAL - TIMELY

Your topic should be **technology** based, relevant to Alberta's electrical industry and detailed enough to be interesting to attendees which include architects, engineers and consultants, contractors, distributors, and students.

Subject matter should include how the participants can grow and benefit in their businesses.

WHAT'S IN IT FOR YOU

1. A deeply engaged audience of +300 AEA members and guests looking for an opportunity to learn.
2. A chance to promote your brand through the demonstration of technical expertise in current or emerging technologies in a non- advertising format.
3. Seminars will be listed on All promotional materials, including website and socials.
4. Remuneration will be considered however sponsored presenters/presentations are preferred.
