

AI-Integrated Personal Finance Tracker

Students: Pham Quang Huy (S3940676), Nguyen Phan Duc Anh (S3915181), Phan Bao Kim Ngan (S3914582), Pham Chau Tan Dat (S4069488)

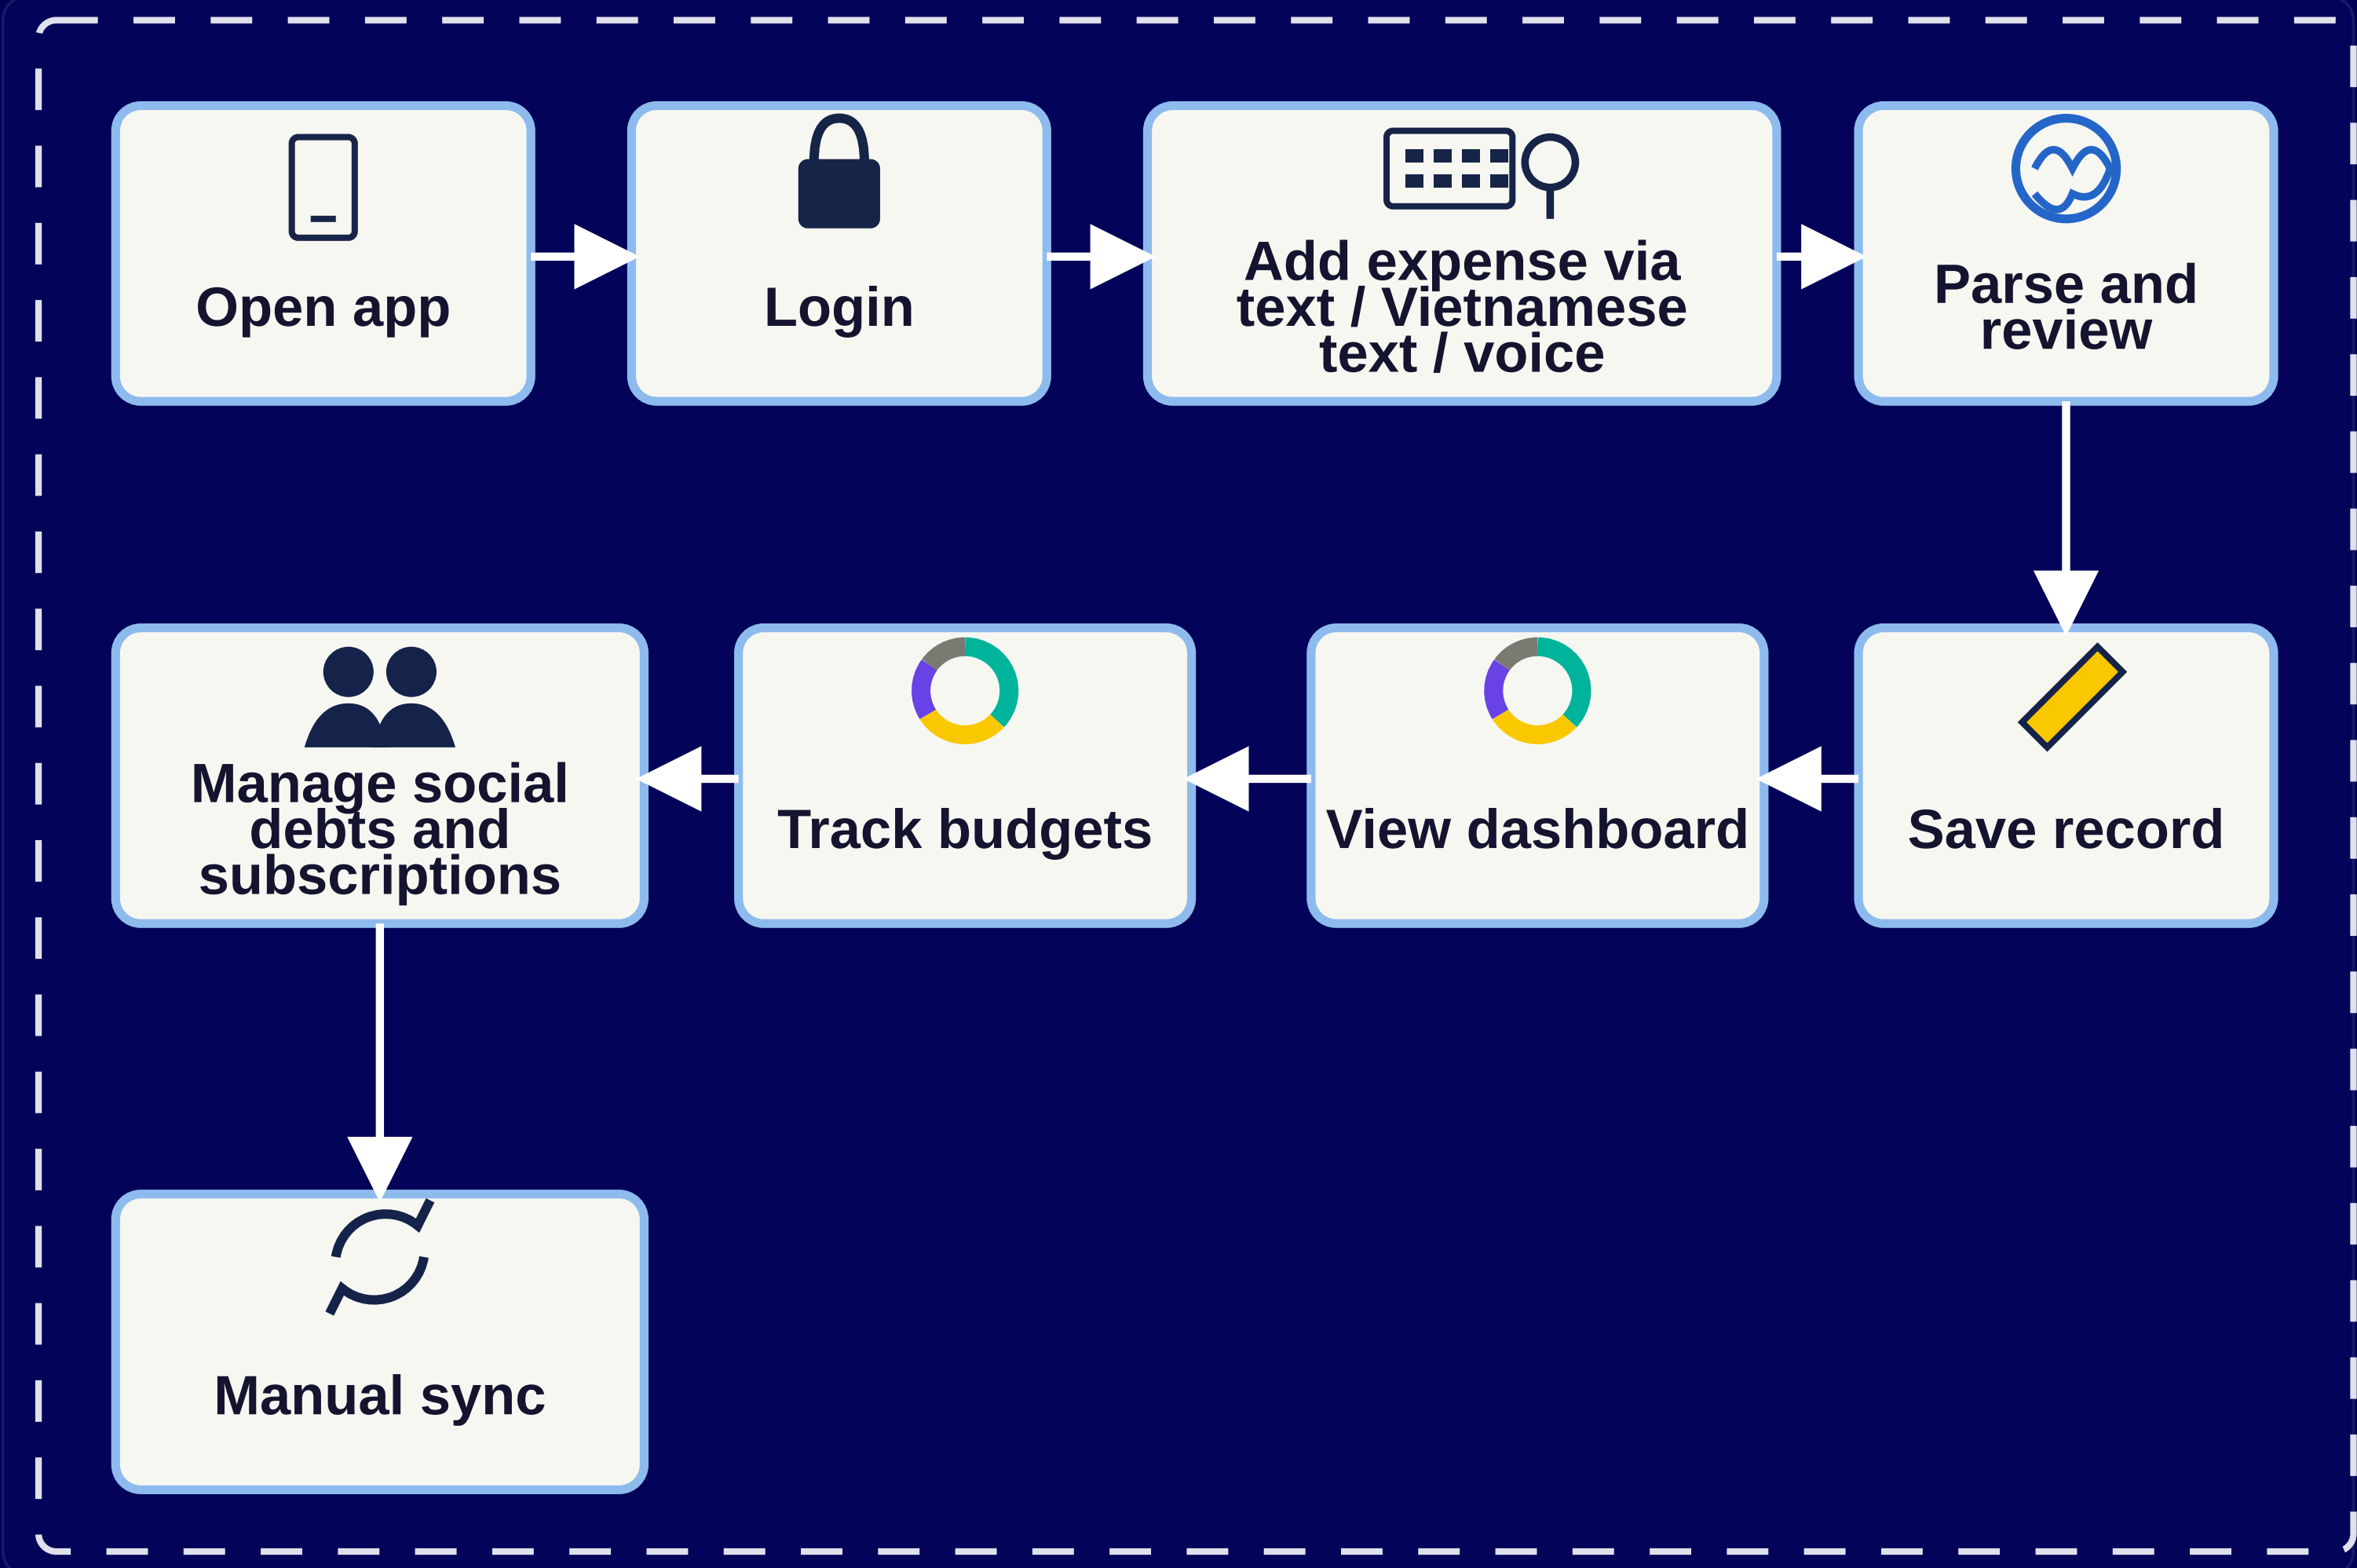

Description

- AI-integrated personal finance tracking for Vietnamese users.
- Users can log expenses with natural text or voice and review editable parsed records.
- Supports budgeting, subscriptions, social debt tracking, and web/mobile access.

Application Design

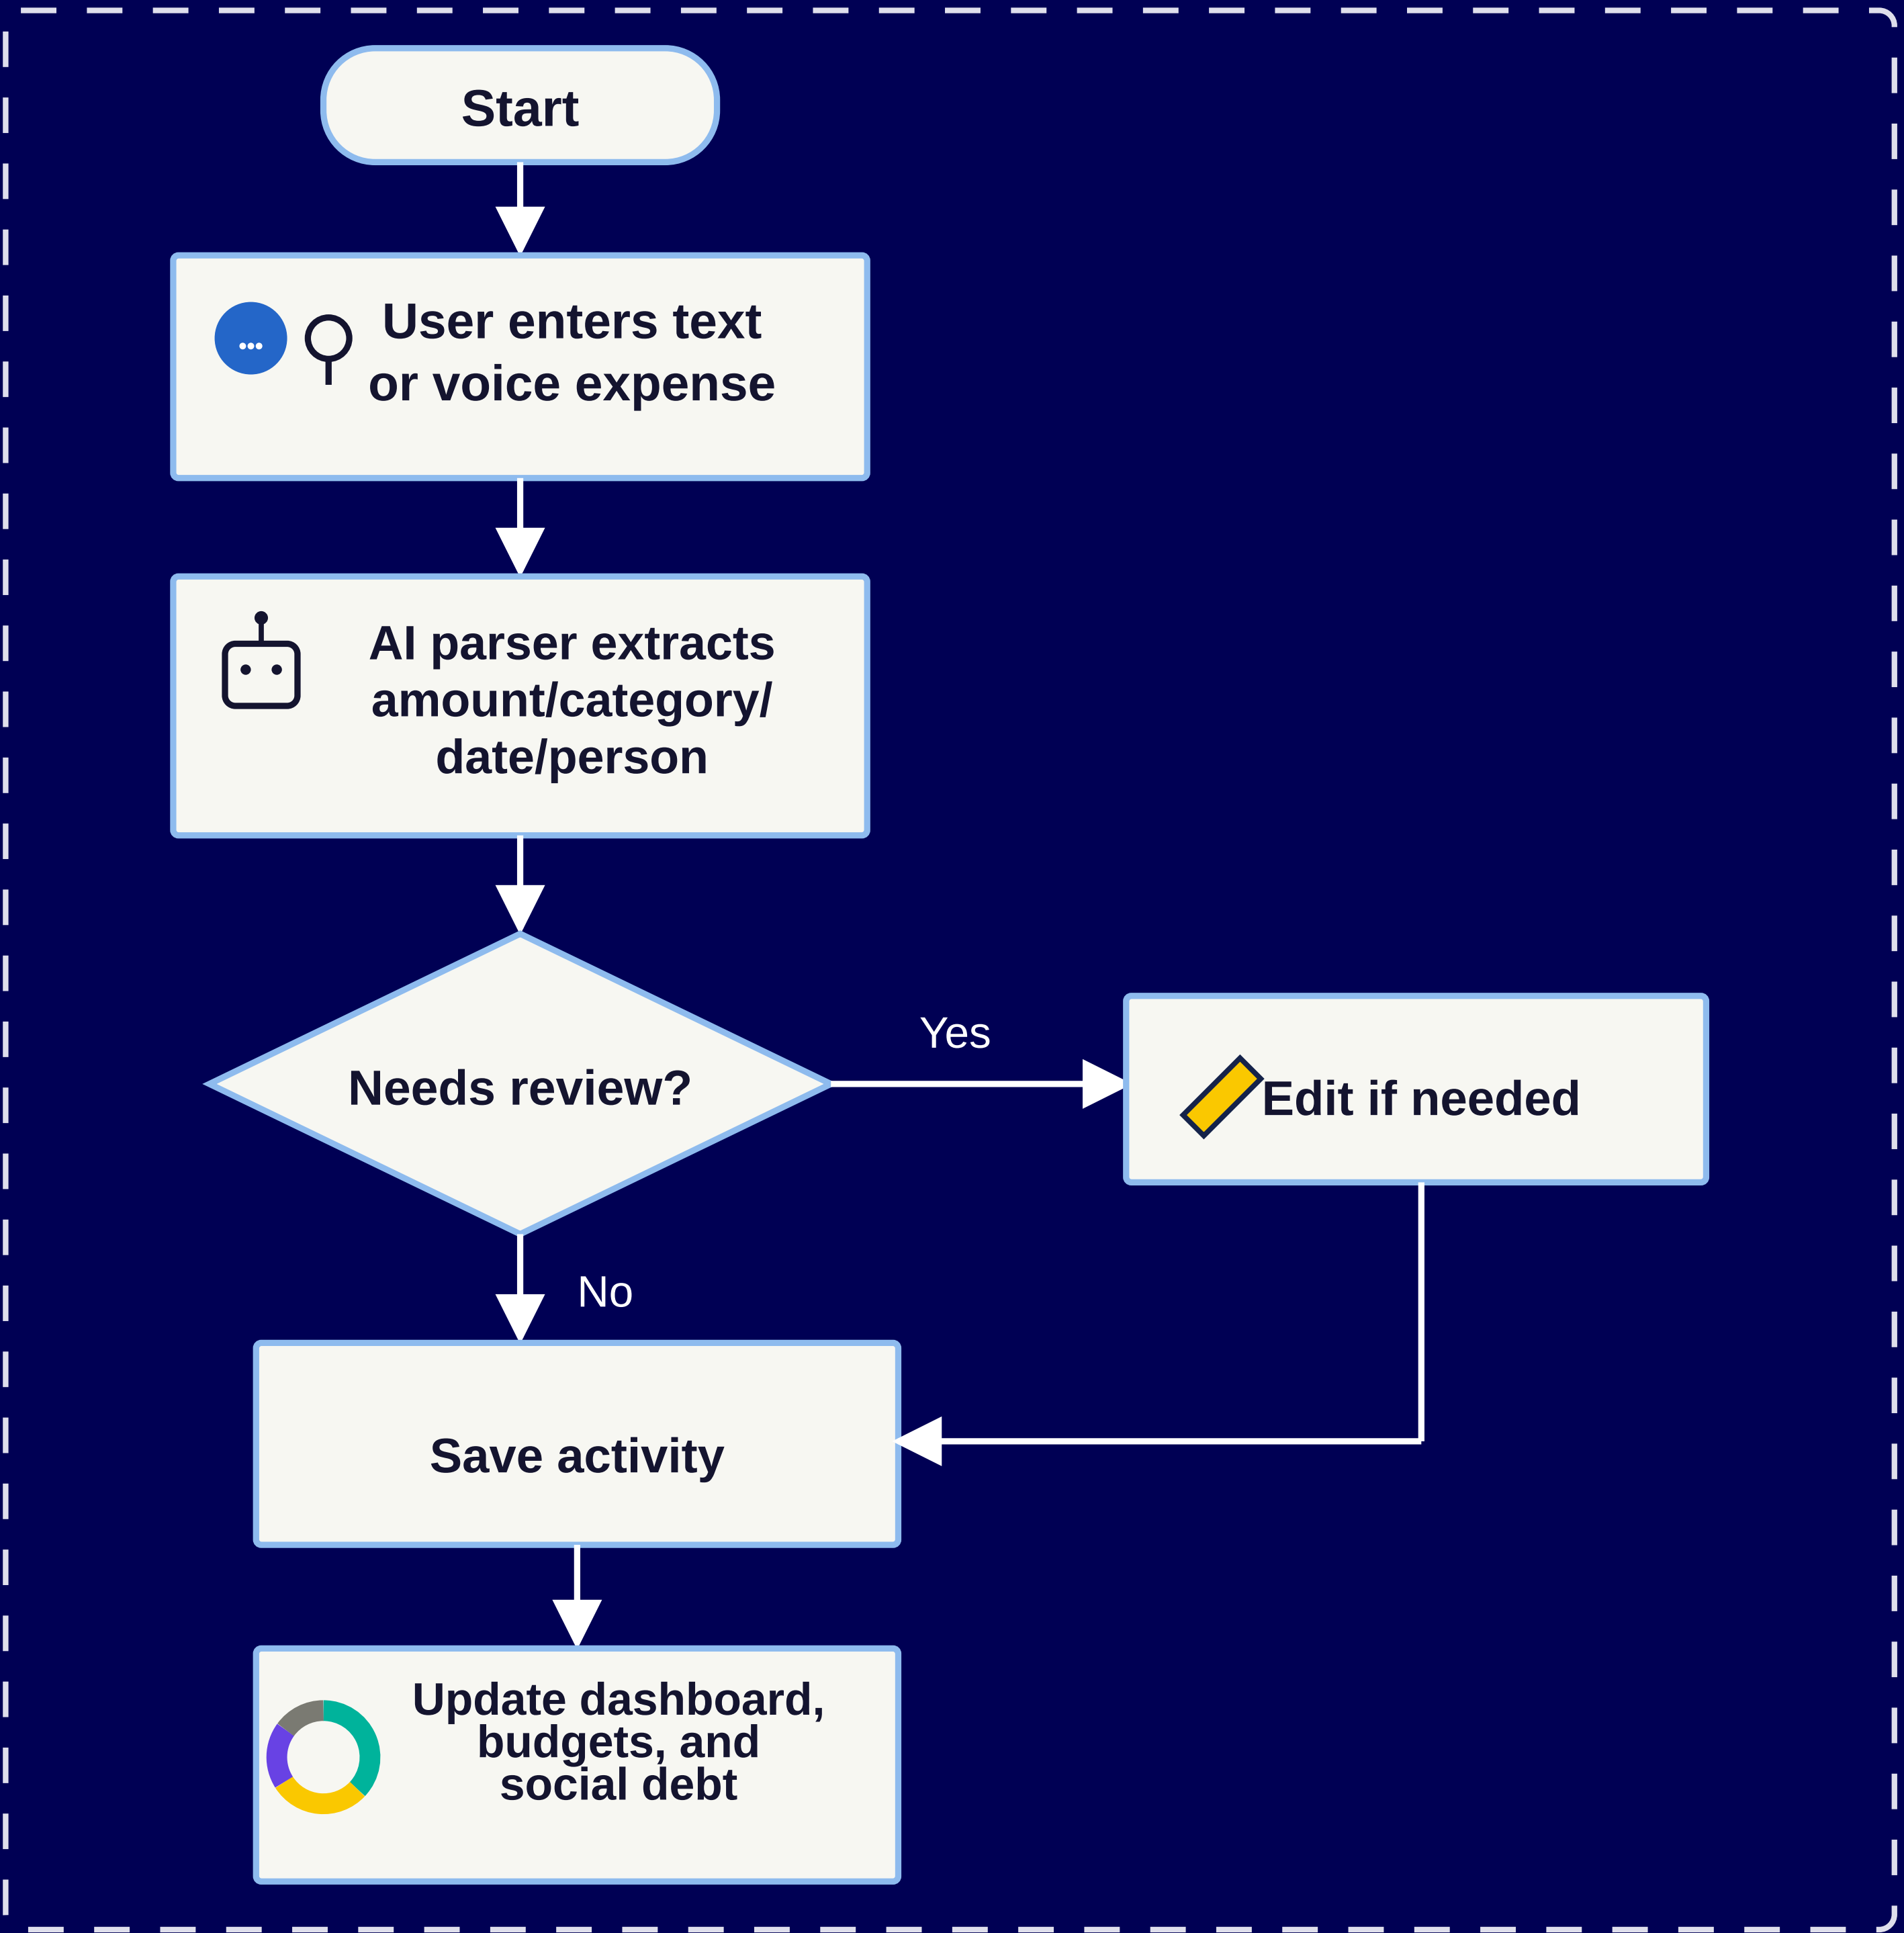

Software Workflow

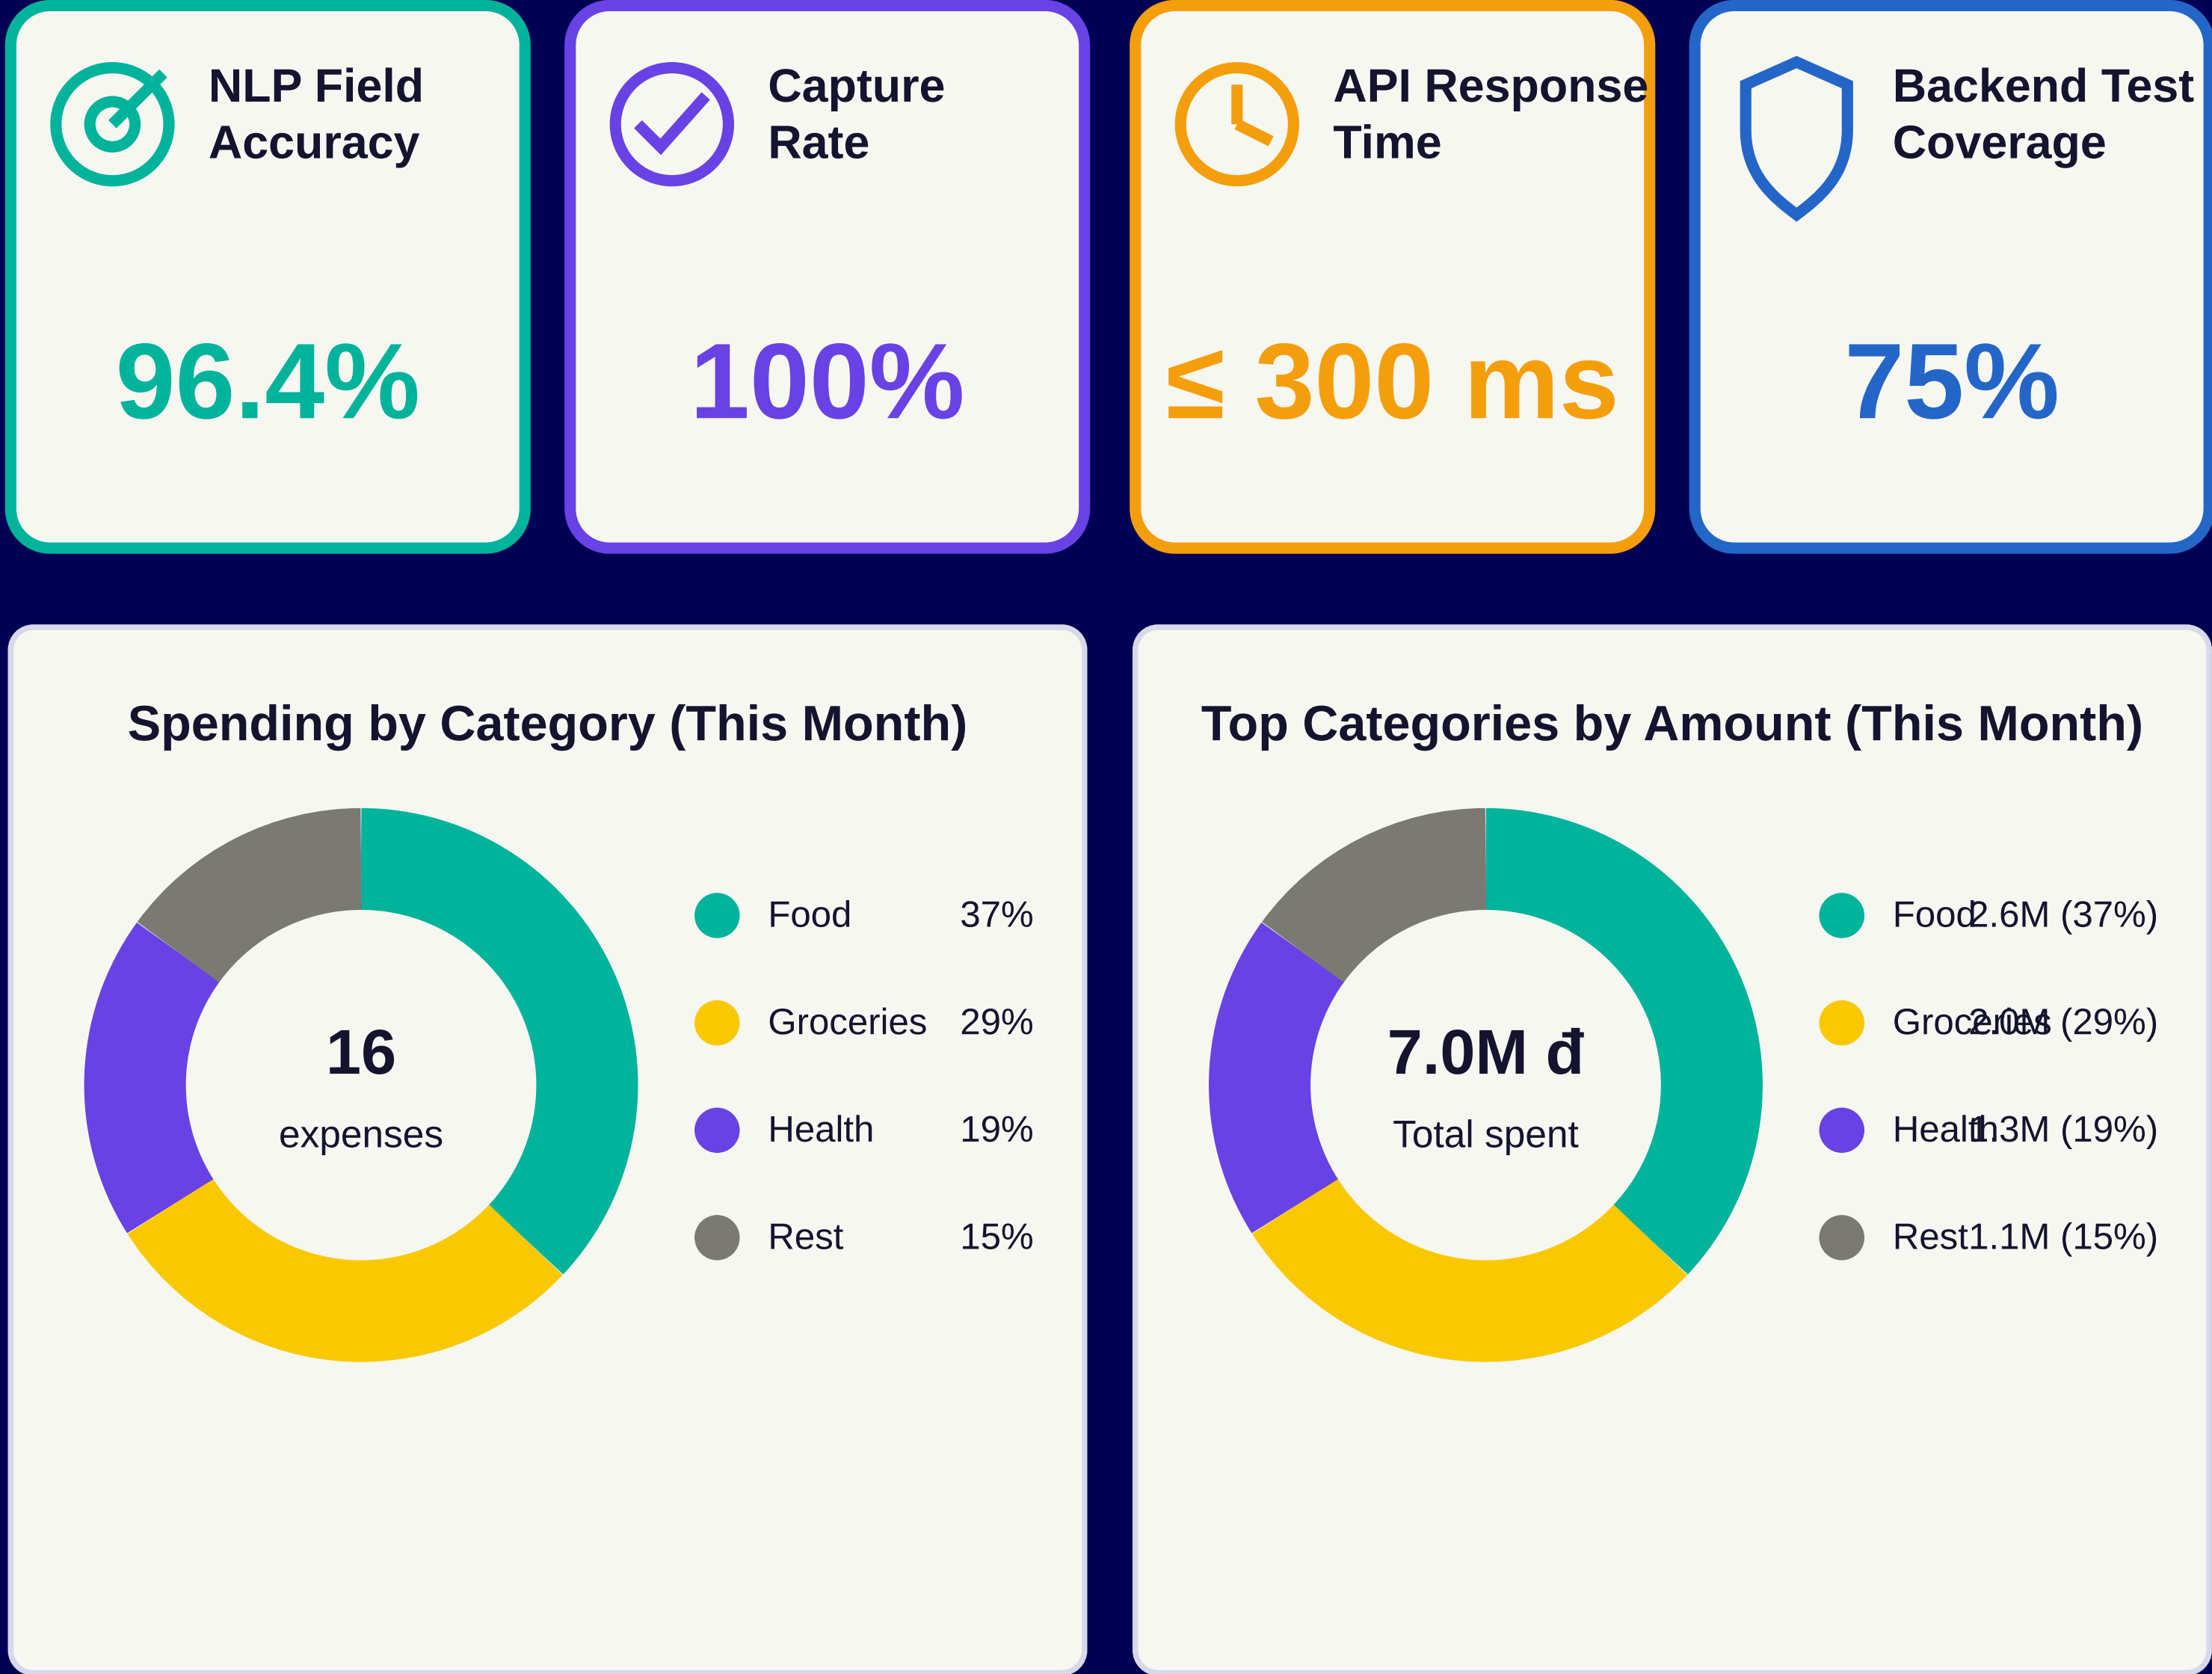

Academic Supervisor: Mr. Long Nguyen
Industry Supervisors: Cao Nguyet Minh, Nguyen Tan Phat, Tran Ly The Quang
Company: HCLTech

AI Parsing Workflow

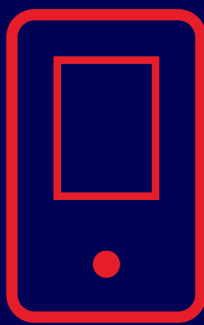

Results

Future Work

- Expand richer mobile analytics and reports.
- Enhance notifications and sync conflict handling.
- Continue deployment and gather user feedback.
