## PRICE BROCHURE

These prices are effective as of **May 1, 2025**, but thereafter subject to change without notice.

## Inspiring Trust

The Becker family has been serving families since 1972. We hold ourselves to the highest standards and strive for excellence with every family we serve.

## Healing Hearts

Creating unique ceremonies that honor your loved one can be one of the first steps on the road to healthy grief.

## Comforting Souls

Adding that extra touch, watching over every detail, and caring for your loved one help us bring you peace at this difficult time.

Losing someone you love is one of life's most difficult experiences. A personalized, meaningful celebration of your loved one's life is of immense value to family and friends. It helps us as we come to terms with loss; it can provide comfort from the strength of our religious values or cultural traditions and the support of family and friends, and it provides a family and community a special way of saying –  
“Every Life has a story to tell”.

### The Viewing or Visitation

- Provides a safe place to express feelings of grief and to share them with others
- Supports family and friends as they face the reality of death
- Pays tribute to the life that was lived
- Creates an opportunity to collect and share memories
- Gives the surrounding community a place to express their condolences and support the bereaved

### The Funeral Ceremony

- A Funeral is when the deceased is present in a casket. The casket can be either open or closed.
- A place to share stories, memories and lessons learned from the person who has died
- A formal or informal space for remembering the life lived and their impact on others
- An opportunity to express gratitude and love
- Creates a time for a unique and meaningful tribute

### The Memorial Ceremony or Celebration of Life

- A Memorial is usually held after the cremation process has taken place.
- The urn may or may not be present.
- A place to share stories, memories and lessons learned from the person who has died
- A time to remember the life lived and their impact on others
- An opportunity to express gratitude and love
- Creates a space for a unique and meaningful tribute

Whether you are planning a burial or cremation, there are countless ways in which a funeral ceremony can be tailored to the life and personality of the person you are honoring. A meaningful funeral is one that touches the hearts of all those who attend.

Here are just a few things we can provide or arrange to help make the service a personalized tribute.

#### Military Honors

All honorably discharged Veterans are entitled to a military honors ceremony, including flag presentation and Taps. Provide us with the military discharge papers (form DD-214) and we will take care of the rest.

#### Special Music

Musicians can enhance your memorial event. A bagpiper is an ancient and honorable tribute. A harpist can help create a beautiful, peaceful setting. Prices will vary depending on the musician.

#### Video Memorial Tribute

We use your favorite photographs of your loved one to create a personalized tribute, which can be shown at the visitation or service.

#### Memory Table

We will gladly help you arrange a table with favorite and meaningful mementos – unique symbols of important parts of your loved one's life.

#### Memorial Stationary

A variety of guest books and memorial printing is available for your selection. We will work with you to customize printed tributes such as prayer cards or service programs with quality color printing.

# CHOICES RELATED TO PAYMENT

The loss of a loved one is a devastating experience. It is frequently traumatic and can seriously impact judgment. Therefore, it is important to be realistic with respect to funeral expenditures. We do not want your choices to be more than is affordable, nor less than you would like. It is important that arrangements be in keeping with a family's wishes and budget.

**Becker Funeral Home has established a uniform payment policy to serve all families fairly and to alleviate misunderstandings. A sound payment policy enables us to contain our costs to the families we serve. As a small business providing services and merchandise, we are totally dependent upon our families for prompt payment. Our general payment policy is that the entire amount of the funeral is due and payable 48 hours prior to services being rendered. We realize that caring for the death of a loved one is often unexpected and unplanned. For your convenience, we offer the following payment options:**

- Cash
- Check – Personal or Business
- Money Order/Cashier's Check

- 

- Assignment of insurance on verified life insurance policies. Policy verification must be done by funeral home and insurance must have been in force for at least 2 years from the date the policy was issued. There will be a **7% fee** added to the total of the funeral contract. All cash advanced items must be paid by time of services and will not be included on any life insurance assignments.
- Application of funds from an Advance Funeral Plan from Becker Funeral Home. In certain instances we can also accept the funds from other funeral homes pre-planned agreements, though Becker Funeral Home does not have to honor the other funeral homes prices.

**Payments by Estate – Due to the uncertainty regarding estate payments we require that a member of the family pay funeral expenses and file their claim for reimbursement with the decedent's estate.**

## SPECIAL SITUATIONS

As a community service, services for infants, children, and those in public service, who lost their life in the line of duty are offered at a reduced rate.

If you would like to arrange a service and do not have sufficient funds to pay in accordance with the Payment Policy outlined in our General Price List, we will be pleased to discuss alternative arrangements.

## CASH ADVANCES

This General Price List does not include prices for certain items you may ask us to buy for you such as cemetery opening and closing charges, death certificates and flowers. The prices for those items will be shown on the statement describing the goods and services you selected.

As an accommodation, the funeral home will pay a third party that provides services and merchandise to the buyer in connection with the funeral and will list those charges as "cash advances" on the Statement of Funeral Goods and Services Selected, which is provided to the buyer at the end of the funeral arrangements.

Although the funeral home is arranging the payment to the third party, the arrangement is between the Buyer and the third party. The funeral home is not in control of the third party providing services or merchandise to the Buyer and will not be responsible for any of the third party's acts or omissions.

**CEMETERY FEES:** Opening and closing of the grave: most area cemeteries are open on Saturdays, Sundays and some holidays, but may have an overtime charge for the opening and closing of the grave on those days.

**CERTIFIED COPIES OF THE DEATH CERTIFICATE:** Certified copies of the Death Certificate are \$12.00 each.

**MEDICAL EXAMINER FEES:** There is a fee for the Cremation Authorization required from the Medical Examiner that has jurisdiction over where the death occurred. This charge will vary from county to county.

**NEWSPAPER OBITUARIES:** The Orlando Sentinel does require prepayment by credit card for a paid obituary. We will also be glad to assist placing obituaries in out-of-town newspapers at your request. Most newspapers will have a charge and require prepayment.
