

Master Blast

The base of the pyramid is a strong Master Blast program feeding into Stage 1 and Stage 2 teams.

Stage 1 & Stage 2

Development cricket focused on building skills, confidence, and enjoyment of the game.

U/14 & U/16 Hurricanes Junior League

U/14 and U/16 competitions see juniors playing the full version of cricket.

U/18 Premier League

The U/18 Premier League is the first taste of turf cricket, ensuring juniors stay engaged in development pathways while playing cricket at Sorell.

Senior SCA Cricket

The goal of the club is for juniors to continue to love the game and become senior cricketers.

Representative Cricket

We encourage and support all juniors to play the highest level of cricket available to them, including TCA cricket and Australian/Tasmanian representative pathways.

Junior to Senior Cricket Transition Policy

- In the first season of senior cricket after the player turns 18. They will be entitled to one year of their subs to be free (they are still required to pay Cricket Australia fees).
- This will be extended until the player turns 21 (as of September 1 of the upcoming season) for their first year of senior cricket at Sorell. This includes those who wish to continue their development through turf cricket and play TCA cricket. This offer applies only to players who choose to play TCA-level cricket and will be void if they play elsewhere.
