Chairman Gisclair presented for the board's consideration the 2026 Budget. Miranda Parker presented the highlights as follows: Port anticipates revenues of \$31.8M. From there we deduct the direct cost of \$13.1M for landowner and depreciation. Gross profit of \$18.75M less expenses of \$23.2M, equals \$4.44M operating loss, plus \$14.3M of non-operating revenue, equals a net income of \$9.8M.

Parker then continued with the 2026 beginning cash of \$87.9M, plus net income of \$9.8M, plus depreciation expense of \$10.16M, less capital assets of \$2.57M, less capital projects of \$41.5M, plus a decrease in unearned deferred revenues of \$22,500 equals ending cash of \$63.85M, less retained earnings in future capital of \$45.9M for Fourchon Island equals ending cash of \$17.89M. Parker stated the overall operating budget is \$36,333,321, capital budget is \$44,123,537 and non-operating budget is \$30,527,843 which totals the 2026 Budget of \$110,984,701. Chiasson explained we have a very conservative budget by example of last year's budget which was \$116M but the actual ending will be \$69M.
