

DISCLOSURE STATEMENT FOR CAMERA RECORDING

I. Data Controller

In accordance with Law No. 6698 on Protection of Personal Data (hereinafter referred to as "Law"), your personal data is processed by ALİ RIZA YILMAZ İNŞAAT VE TİCARET ANONİM ŞİRKETİ (hereinafter referred to as "Company") within the scope described below.

II. Methods and Legal Reasons of Collecting Personal Data

This Camera Disclosure Statement is to inform you that video surveillance cameras have been installed in the Company's buildings, facilities, compounds, workplaces, premises, control areas, stores, courtyards, entrance doors, building exterior, entrances of office areas, event areas, dining hall, cafeteria, waiting room and floor corridors and other service areas and other areas with the following warning signs (referred to as "Company premises"). The video surveillance system records and processes images of individuals and items passing through the range of these systems. The system operates continuously 24 hours a day, 7 days a week. Visual information and camera records are processed through the video surveillance system.

Your personal data are processed for the purposes of fulfilling the legal obligation (for example, the detection and prevention of unauthorized access to work areas in order to ensure information security) or providing the legitimate interest of the data controller (for example, to keep camera records to ensure physical space security, to detect and investigate violations of workplace rules) or in cases explicitly stipulated in the laws (Law No.5188 on Private Security Services, Labor Law No.4857, Occupational Health and Safety Law No.6331) based on legal reasons.

III. Purposes of Processing Personal Data

Your personal data specified above may be processed for the purposes listed below, which are the subject of your disclosure of this data to us:

- Protection of company premises, individuals, property, products on premises from any attack, theft, robbery or any kind of damage
- Ensuring the security of company premises, infrastructure, products, operations and taking precautions against all kinds of security violations
- Providing information to authorized persons, institutions and organizations
- Ensuring the legal, technical and commercial occupational safety of the Company and the persons in business relations with the Company
- Planning, auditing and enforcement of information security processes
- Control of entry and exit to the workplace
- Creating and tracking visitor records
- Planning and/or execution of occupational health and/or safety processes and fulfillment of obligations related to these purposes
- Prevention of fire and similar disasters
- Management of the areas where the company premises are located (such as technopark, shopping mall, parking lot, private areas)
- Identifying and investigating violations of workplace rules
- Conducting emergency management processes

IV. Transfer of Personal Data

The COMPANY pays strict attention to process your personal data in accordance with the "need to know" and "need to use" principles, by providing the necessary data minimization and taking the necessary technical and administrative security measures. We have to transfer the personal data we process to third parties for certain purposes, since the security of the company's premises, the execution or supervision of ensuring compliance with the workplace rules, and the operation of digital infrastructures require continuous data flow with different stakeholders.

In line with the realization of the above-mentioned purposes and limited to the fulfillment of these purposes and for the purposes of conducting and auditing business activities, conducting business continuity activities, and carrying out information security processes, your personal data can be processed and shared with our shareholders, our business partners and service providers who provide and operate our IT infrastructure, our business partners and service providers who provide services in the field of quality control, complaint management and risk analysis, legally authorized public institutions and private persons or organizations and third parties, third parties to be determined specifically in the cases that require legitimate interest of the data controller as limited to the purposes specified in this disclosure Statement. In addition;

- In order to ensure the security of the company and its premises, data such as camera recordings can be shared with the security company and the service provider that establishes or operates the technical infrastructure
- Infrastructure providers for the storage of physical and electronic employee data
- Experts for auditing and due diligence activities, law firms and auditing firms, and public institutions for the fulfillment of regulatory and contractual obligations, insurance companies, social assistance support funds, business consultants

- Authorized administrative and supervisory boards and/or other authorized supervisory institutions and organizations,
- Administrative authorities, judicial authorities or relevant law enforcement agencies upon request in resolving legal disputes or in accordance with the relevant legislation.

VI. Rights of the Relevant Person

As the person whose personal data is processed, you can contact ramada@ramadaistanbul.com or use the form at www.ramadaistanbul.com in order to exercise your rights within the scope of Article 11 of the Law regulating the rights of the relevant person (learning to process personal data, requesting information about processing, learning the suitability of the processing to the purpose, knowing the persons your personal data are transferred, requesting the correction of incomplete or incorrect processing, requesting deletion or destruction, automatic notification of all transactions to third parties, objecting to the analysis, requesting the compensation of the damage) in accordance with the Communiqué on the Principles and Procedures of Application to the Data Controller.
