Dear families,

I hope you all had a beautiful and blessed Easter! It is so nice to have warmer weather back again as well! To welcome spring's arrival, we have been centering our recent science activities around spring and planting! Your children will be bringing home grass plants they made, and in a few weeks, sprouted sunflower seeds to plant at home!

Speaking of spring and plants, don't forget to turn in your flower orders! They are due on April 20th.

Also, if you haven't done so already, please take a few moments to fill out our parent survey. We value your thoughts and opinions and would love to hear from you and share any ideas you may have!

Our third round of N.W.E.A. testing begins next week. I will be excited to see the growth your children will undoubtedly make! 😊

Lastly, just a reminder that we have a half day of school on Friday, April 21 and no school on Monday, April 24 for teacher professional development.

Have a blessed week!

Ms. Jones
