FUNERAL HOMES INC.

Toronto Chapel

2080 Dufferin Street
Toronto, ON M6E 3R7

Managing Funeral Director: Brad Reed
Assistant Manager: Samantha Catton

Welcome

Welcome to our Premier Toronto location.

Please review our price list, which is very straight forward, upfront, and honest.

Many funeral homes hide costs throughout their price list. We do not. Many do not include the family limousine in their traditional service charge. We do. We customize our services to your family's needs and budget. Our funeral home promises your family the very best service, for the very best price. Guaranteed. Transfer your pre-paid funeral from another funeral home to us and we will honour the price.

Your loved one deserves the best.

Sincerely,
Rose Vescio

Explanation of Individual Services

Co-Ordinating Activities and Ceremonies

From the initial call until months after the funeral is complete, our staff is here for you. We provide professional consultation including but not limited to: expert advice on options to meet all your needs, co-ordination of all activities, rites, & ceremonies before, during, and after they have been provided – including services and supplies provided by us and those provided by third party suppliers; such as flowers, catering, and death notices.

Documentation

Completion and filing of all documents necessary to carry out the services and supplies requested. This is including but not limited to: death registration, burial permit, and coroner's certificate for cremation. 10 Proof of Death certificates are issued by the funeral home, additional copies are provided at no charge.

Transfer of the Deceased

Transportation of the remains from one place to another. For example: from the home/hospital to the funeral home, or the funeral home to the cemetery/ crematorium (within a 40 km radius of the funeral home). A charge applies for each transportation request. The transfer of a loved one is a 24-hour service.
For any transfer that requires 2 staff members, an additional charge of $200 applies.

Basic Preparation of Remains *

The basic preparation of the remains includes: placing your loved one into the selected casket/container, bathing, dressing, positioning hands, mouth, and eyes appropriately for identification, hair brushing or combing, and Pacemaker/ radioactive device removal if applicable. Shaving and cosmetics are not applied. Hair styling and hair tinting are available for an additional fee starting from $150.

Embalming

Embalming is the process of replacing bodily fluids with a chemical preservative. Although there are no legal requirements for embalming, it is highly recommended to allow for a traditional visitation period. Includes Basic Preparation of Remains.
Additional fee of $650 applies for those who have passed away from an infectious/contagious disease.
Additional fee of $150 applies for those being shipped out of the province or country.

Facilities for Preparation/ Embalming/Shelter

We have designated a specific room in our building which serves as a preparation room and a dignified holding facility.
** This fee is charged in addition to Basic preparation of Remains and/or embalming*

Staff Services for Visitation

Our employees help guide your guests to your visitation suite, control large crowds, place floral tributes into visitation chapels, customize your seating arrangements, and are at your service through the entire process to oversee the visitation sessions.

Staff Services for Ceremony

Our funeral directors and assistants coordinate the funeral service start and departure times, make various announcements if required, and provide structure & organization on the day of the funeral service.

Facilities for Visitation

Our facilities include two spacious visitation suites to choose from, a staffed espresso refreshment lounge, and ample parking.
Requires staff services for visitation.

Facilities for Ceremony

Any suite can also be transformed into chapels, which can accommodate anywhere between 60 - 120 guests. These setups are often used for memorial celebrations or short prayer services.
Requires staff services for ceremony.

Ship out of Province or Country

We can facilitate the shipment of a body to or from any province or country in the world. Each country and consulate have specific requirements and time limits for transporting human remains and/or cremated remains.

Reception Facilities

Designated facilities are used for the post funeral reception or short gatherings between visitations (up to 2 hours). Funeral receptions provide an ideal opportunity for family and friends to commemorate a loved one's life. A reception at our funeral home frees you from the worries of organizing a facility to host this gathering. We provide regular coffee, espresso, tea, bottled water, soft drinks, napkins, dinnerware, and cutlery for 40 people as part of this service.
Use of reception rooms are subject to availability – Room rental fee starting from $350.
Hostess required when reception space booked ($100).
Outside food/catering fee $150
****For health and safety reasons, a fee of $150 will be charged on the funeral service contract for any outside food brought into the funeral home, other than the food/catering offered by the funeral home caterer****

Hostess services for reception

Our staff will: organize your private reception space for your guests, help with the setup of food and beverages, clearing tables of plates & cutlery, and cleaning of the reception area. All receptions must use our hostess facilities.

Aftercare

In keeping with our commitment to care for the families we serve, we are proud to offer a unique service known as Aftercare. This service is designed to help families deal with the many issues that arise after the funeral service has taken place. Services include bereavement support, assistance with filing for Canada Pension Plan: Death Benefit, Survivor's Pension, Child(rens) Benefits, Health Card Cancellation, SIN Number Cancellation, estate planning information, and information regarding community resources that are available to the family. All aftercare is done by appointment only to better serve you.

Disbursements

All disbursements are billed to the purchaser at cost. This includes but is not limited to: the clergy honorarium, organist fees, soloist fees, city registration fees, newspaper notices, trumpeter, coroner's fees, police escorts, crematorium fees, consular fees, and health department fees. All disbursements are estimates and the final total will change based on the third party's invoice.

Funeral Vehicles

A five-passenger vehicle, funeral hearse, limousine, flower truck, and a utility van are all vehicles that are used on traditional services. The use of the vehicles may vary depending on your service selection. All of our vehicle prices are based on the initial 40 kms – one way – additional mileage is billed at $1.95 / km thereafter. All vehicles come with an experienced staff member to assist with various tasks on the funeral day.
The removal of a vehicle from a package may result in additional staffing charges.
Limousines are not included to wait for receptions to finish and are included for a maximum 5-hour period.

Additional time may be requested by the family and will be billed at $150 / hour.

Cancellation of a limousine will result in the addition of an additional non-licensed staff member for a 5-hour period $85 x 5 = $425. This person assists the funeral director with various duties such as: directing traffic in our parking lot, at the church/cemetery, opening of doors at the church/ cemetery, and guiding family & friends to various locations at the church/cemetery.

** A rental limousine service does not know the funeral business and typically will wait by the car and seldom open any doors. They do not help with placing of flowers, parking of any cars, or retrieving funeral flags etc.*

Horse Drawn Carriage is Subject to Availability

The use of the Horse Drawn Carriage is for an hour and a half period. Using this service is done in a variety of ways: One option is to go in procession from the funeral home to the church. Another option is using the carriage once inside the cemetery gates – the casket could be transferred into the horse drawn carriage and then would proceed to the mausoleum or burial plot.

Using this service requires more time, especially when we are processing to a church from the funeral home. The use of police escorts for this service is mandatory (police escorts are based on availability) to help with the slower procession speed and traffic congestion that we will be causing. If using this service only at the cemetery, the use of police escorts is not necessary.

Traditional Services Explained

The traditional service package is designed to meet the needs of families who would like to have a one or two-day public visitation, followed by a Mass or Chapel Service. The hours of visitation can be customized but are held between the hours of 2:00 p.m. and 9:00 p.m. More commonly families will select the first viewing to be during the evening from 6-9 p.m. and the second set of viewings the following day from 2-4 p.m. and 6-9 p.m. Our funeral directors are always willing to listen to your ideas, customize your services and try to accommodate your requests.

Non-Traditional Services Explained

The same day service options are designed to meet the needs of families who would like to have a short public visitation, followed by a formal church or chapel service, all taking place on one day. The visitation and time of service will depend on which of the two options are preferred and what decisions are made regarding final disposition. Services are always structured to take place in the morning or early afternoon when the funeral will conclude with burial or entombment. If cremation is selected, an evening vigil may be organized to allow the family and guests more flexibility. For example: viewing held from 10 a.m. – 12 p.m., followed by a chapel service from 12 p.m. – 1 p.m., concluding with interment at 1:45 p.m. Another option would be viewing from 6 p.m. – 8 p.m., concluding with a chapel service between 8-8:45 p.m., followed by private cremation the next day.

Cremation Services

Cremation Services Explained

Our cremation service packages are designed for simplicity, ease, and with a budget in mind. Our estimated total cremation service price includes HST, disbursements, a temporary cremation container, pacemaker removal and much more than just the “basic” items your family will need to complete the funeral. Usually the cremation takes place before any of the optional services are completed. We of course include some private time for your family to say goodbye. The options are endless, and we can discuss them in full detail with you when you are ready. To keep our prices upfront and clear, we have broken down cremation services into four categories:

1. Simple — this service is the simplest that we offer. It entrusts the body of your loved one to us. We will care for them and accompany them to their final place of rest. Once the cremation is complete, we will contact the next of kin and return the cremated remains/ashes to them in a temporary container. Proof of Death Certificates are provided along with a consultation with one of our funeral directors to complete the Aftercare program.

2. Witnessing — can be organized should a family want to see the casket placed into the cremation chamber and witness the beginning of the cremation process. This would be completed by meeting your family at the crematorium – it may be very difficult for some to be part of this process. One of our funeral directors will explain everything to your family should you wish to have this option. Once the cremation is complete, we will contact the next of kin and return the cremated remains/ashes to them in a temporary container. Proof of Death Certificates are provided along with a consultation with one of our funeral directors to complete the Aftercare program.

4. Memorial — can be organized to take place following the cremation if the family would like to have a formal service, either religious or non-denominational. The urn is usually present, and our funeral directors will coordinate and host the entire event. Memorials keep funeral costs to a minimum while still allowing for a formal service. Holding the service within the funeral home would allow for the most flexibility in time selection. Traditionally, chapel services are held early in the morning, but evening vigils are becoming more popular – it allows guests to have a regular day of work and still have time to attend the funeral. An example of timing for this style of funeral would be a 6:00-7:00 p.m. gathering, followed by a formal service beginning at 7:00 p.m. and concluding at approximately 8:00 p.m.

Notes and Options Pertaining to Cremation Services: The normal cremation process usually takes between 4 - 5 business days to complete, however the time frame may change based on the crematorium, their availability, their hours of operation, the coroner’s availability, and the time of death. Additional fees apply to removals that require more than one person. Cremation Rush Fee at St. John Dixie Crematorium - $150.00

The Private family ID is set up and organized to allow the next of kin a chance to say goodbye. Only the most immediate family is invited to attend (Maximum of 10 people for a maximum of 30 minutes). We suggest this happens as soon as possible unless embalming is completed. Should your family wish to add embalming to allow for a private visitation, the pricing options are as follows: Additional $600 for embalming. If your family chooses to use a visitation chapel, a fee of $890 applies. The use of lounge facilities is not included in a private family ID but can be used for a fee of $150.00 for 30 minutes.

Receptions are one of the best ways to honour a life, and we can organize one for you. Our reception hall will accommodate between 25-55 guests and can be added to any of our services. Please speak to one our funeral directors for details regarding room rates and hostess fees. You may provide your own catering, however for your convenience we do have catering menus available.

Payment, Financing & Funding

Unless otherwise specified in your contract, payment is due the following day of signing the contract. We retain the right to collect payment in full at the time the contract is signed. Payment may be made by cheque, or bank draft. Payment may also be made by credit card, however a 2% surcharge will be applied to the total of all services, supplies and disbursements on the contract. Beyond the allotted time, interest will be charged at a rate of 2% per month (equivalent to 26.82% per annum) until the date payment is made in full. If you are pre-paying for services or supplies, pre-authorized payment plans ranging from 1 - 4 years are also available. The funds are held in trust until the time of need. Please speak to one of our funeral directors for details.

Pre-Planning

Planning for the future is a natural and important part of our everyday lives. We contribute to retirement plans, take out life insurance, and create wills. As your family matures, pre-planning your funeral becomes part of this important planning process. There is no charge for pre-planning, and it consists of a basic conference with our staff, where the funeral director will record statistical information, service selection, and casket selection. We keep the information on file and at the time of need will relay your selections to your family and estate representatives relieving them of the anxiety involved with making rushed decisions.

In addition to pre-arrangement services, we offer Guaranteed Funeral Costs through a pre-payment option where your payment is invested into a trust account at Guaranteed Funeral Deposits Canada. The deposited funds will accrue interest until the contract is fulfilled (when the services and supplies are delivered) or the contract is cancelled. Our plan allows you the option to cancel, change, or transfer your arrangement at any time in the years ahead (please refer to your funeral service contract). Our funding program strictly adheres to the Funeral, Burial and Cremation Services Act, 2002, ensuring complete protection for your investment, yourself, and your family. We will be pleased to answer any questions you may have about your prepayment options.

Our dedicated staff is available to assist you and your family in answering any questions or concerns regarding funeral pre-arrangements. Please consult us at your convenience.

- ☐ Executive Sprinter Count _____ car(s) _____ people (Sprinter holds 10 people if available)
- ☐ The limo pick-up and drop off points for the day of the funeral

Words of Remembrance or Eulogy

The Catholic Church suggests that a eulogy should be 2 - 3 minutes and one person reading, it should also be pre-written and approved by your priest. However, should you choose to complete the eulogy at the cemetery, or funeral home, there are no limitations on what you can say or time restraints. Other places of worship may have their own set of guidelines and it would be best to speak to the celebrant or minister.

Book of Memories Family Login

Family Login is the _____ (recipients last name, all lowercase) Password: _____ 12345

Espresso Lounge is only used to serve your family and friends during visitations.
This space is not used for private receptions in between visitations or after funeral gatherings.

To better serve your family and complete your custom stationery for the viewing period, we limit the number of scanned photos for the video to 50 – additional charges apply for the scanning of more photos.
The 50 photos provided will be used to create a custom video slide show presentation which runs for approximately 6-minutes and these photos will be used to create a custom memorial photo album for you as a keepsake.

Please note if we are given more than 50 photos additional charges apply.
