

Thumbies™

FINGERPRINT KEEPSAKES

Meadow Hill
CORPORATION

PRODUCT CATALOG

Thumbies are crafted from the actual finger-, foot- or handprint of people we hold dear.

From a two-dimensional ink or scanned print. Meadow Hill's artisans create a three-dimensional wax mold that is then cast in precious metal using the ancient art of lost wax casting. Polished and engraved, perhaps embellished with a stone or chain, these one-of-a-kind keepsakes keep us coming back to the stories that connect us to the people we love.

IT STARTS WITH THE PRINT

The better the quality of the print sent to Meadow Hill, the greater the detail in the finished keepsake. Our artisans select the portion of the two-dimensional print that has the

most unique characteristics. This area is then cast; the finished product replicates the ridges and life lines in that part of the original print. The images shown on each page have been sized to show the features. Please refer to page 19 for an exact size comparison.

HELPING HANDS

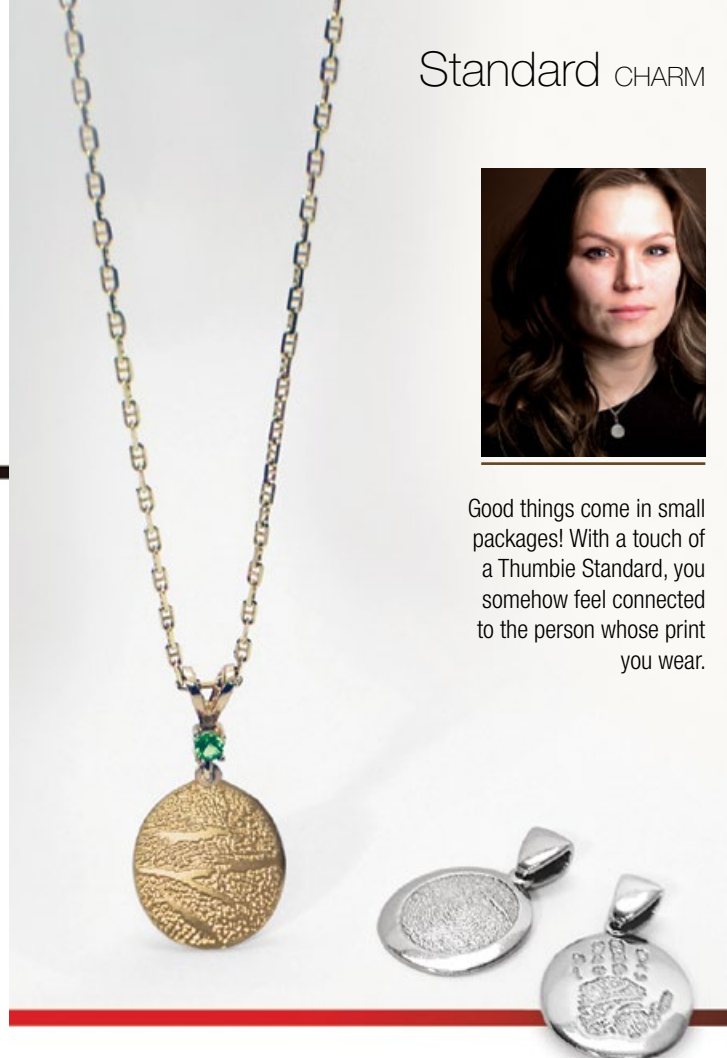

Meadow Hill works with a network of funeral homes who assist families with the collection of final fingerprints, presenting the Thumbies product, and placing keepsake orders. Ask your funeral home to contact us should they need assistance.

For information about prints, where to find them, accurate product sizes and the components that make up your Thumbie keepsake, turn to pages 19-20 at the back of this brochure.

Signet RING

Honor the people who have left their mark on your heart. The classic Signet Ring can be layered with a symbol.

ENGRAVING

Remembrance Bands and Signet Rings include one line of engraving containing 20 characters and spaces.

An additional 8 characters and spaces may be purchased.

SIZES

Rings are available in half-size increments starting at 3.5 through size 14. Larger sizes will be quoted.

For Women

A woman's jewelry holds layers of meaning. Beyond the obvious decorative value, her prize pieces reflect her deep connection with others.

HANGING CHARM PIN

The Hanging Charm Pin is available with a Standard, Heartfelt, Grand or Specialty Grand Charm. You can also add stones.

ENGRAVING

These charms include the same engraving used on the Standard, Heartfelt or Grand Charms. An additional line of engraving may be purchased in each size.

EARRINGS

Thumbie Standard or Heartfelt Charms hang freely from lever-back earrings. You can further adorn your earrings by adding genuine or synthetic stones.

ENGRAVING

Each Earring includes the same amount of engraving as used on the Standard or Heartfelt Charms. A third line of engraving may be purchased for each.

Different prints with different engraving create a truly unique pair of earrings.

CHARM BRACELET

Many women start a heirloom bracelet with a Thumbie Charm of a child or grandchild. Over time, other Thumbies are added, even the prints of special family pets!

Bracelets are available in sterling silver, 14k yellow and 14k white gold.

Meadow Hill's Double Link Charm Bracelets come in two lengths: 7" and 8". Charms are purchased separately. There is a fee for the attachment of each charm.

MAINTAINING STERLING SILVER KEEPSAKES

If sterling silver jewelry is worn daily, the natural oils in the body keep it lustrous for long periods. Over time, or if not worn regularly, a piece can dull or tarnish. Cleaning restores its original shine.

CLEANING INSTRUCTIONS

1. If your piece is heavily tarnished, first remove the tarnish with a liquid tarnish remover following manufacturer's instructions. It only takes a second or two. Never submerge jewelry with stones (synthetic or genuine) in tarnish remover.
2. Use a good silver cream polish to restore the shine and place a protective coating on your piece. These are available in most hardware and grocery stores.

The Print - THUMBIES CELEBRATE THE SPAN OF LIFE

CHILDREN

The tiny handprints and footprints of newborns and toddlers are ideal gifts for parents and grandparents.

YOUNG ADULTS

The fingerprints of young people are clear with well defined ridges. These keepsakes give parents a way to deal with separations.

MIDLIFE

In midlife fine lines begin to cross the surface of our fingerprints, making them even more distinct.

THE ELDERLY

As loved ones near the end of life, the ridges of their prints grow fainter and the "life lines" more pronounced. We image these prints telling the stories of their lives.

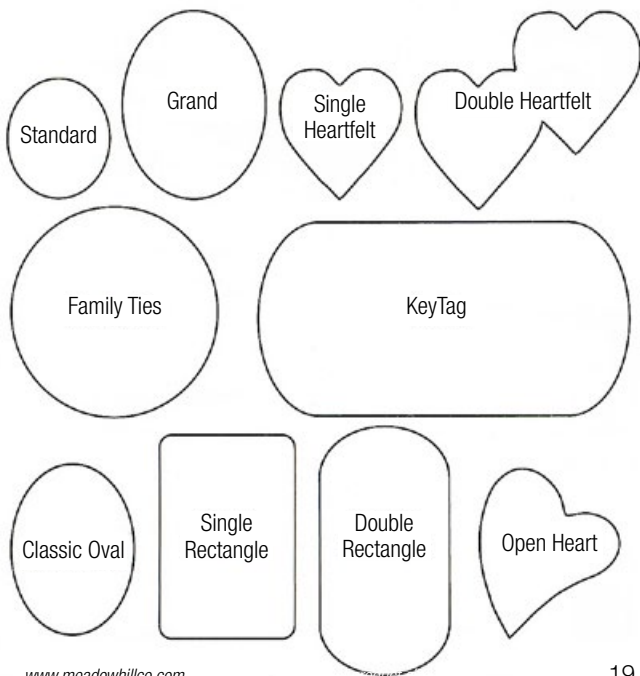

FROM THE ARCHIVES

Prints from sources such as birth records, military (DD-214) or police records, school projects, firearm registrations, employment cards, etc.

SATISFACTION GUARANTEE

Meadow Hill warrants its products to be free from defects in material and workmanship for a period of one year.

LIMITATIONS

Repairs not covered in this warranty include:

- stone loss due to prong damage;
- discoloration due to environmental factors;
- discoloration due to an allergetic reaction* to the base metal or its alloys; and
- damage due to wear, customer neglect or abuse.

Outside of the first year, repairs to damage or worn pieces will be quoted based on standard jewelry repair costs.

METAL ALLERGIES

Most people have no problem wearing sterling silver. However, a small percentage of the population has metal allergies and reacts to the alloys used in sterling silver. When worn, their pieces quickly tarnish, turn colors and in severe cases, cause a skin reaction. If this happens, Meadow Hill can plate any sterling silver piece with Rhodium. There is a charge for this service plus the UPS charge to return the piece to you.

CUSTOMER SERVICE

Customer Service Representatives can be reached on our toll free line, 877.848.6243 (847 381.9000 outside the U.S.) or by email at info@meadowhillco.com. Business hours are Monday thru Friday, 7:30 a.m. to 4:30 p.m. CST.

In an effort to give purchasers the best possible experience with its Thumbie Fingerprint Keepsakes, Meadow Hill occasional adds, deletes, or changes a piece. Please make sure that you are looking at the most current Product Catalog.
