# INSPIRED LIVING FROM THE GROUND UP

Builders, landscapers, and the avid DIYer all depend on the quality of our products in delivering a result that is functional, beautiful and sustainable.

With a strong presence in Regional Victoria, New South Wales and South Australia, the Buildpro group possesses over a combined 300 years of experience in the building and landscaping sector. Our long-standing partnerships with Australia's leading building brands set us apart from the rest, and our commitment to quality is second to none.

Your challenge may be an ambitious design, a considerable scope of work, or a finished result that sets new benchmarks for quality and performance. Whatever the project, your local Buildpro store has the knowledge and products to ensure you achieve a satisfying result.

# BRICKS AND MASONRY

02

### MODERN AND DESIGNER BRICKS

When your objective to is make a statement, our collection of Modern & Designer bricks are the perfect choice for those who crave unique sophistication with a head turning finish.

Clean lines and smooth profiles are what you can expect from Buildpro's Modern & Designer bricks, with an impressive aesthetic guaranteed.

With a huge range to choose from, we're sure to have something that reflects your personality and will compliment your home or building project.

### TRADITIONAL TONED BRICKS

Timeless style never goes out of fashion, and Buildpro's huge selection of traditional bricks will stand the test of time.

Designed to complement the Australian landscape, our range is sure to capture the imagination of many home owners.

### **MASONRY**

Concrete masonry blocks have long been the go-to product of the construction industry.

Traditionally used in exterior applications, todays building trends have turned that on its head and now these products are very much in vogue for internal structures providing texture, patterns, colour variety and a natural aesthetic.

# PAVERS

### **POOL PAVERS**

Surround your backyard oasis with our beautiful range of paving options, the perfect complement to any swimming pool space. Not only can pavers create a naturallooking environment for everyone to enjoy, but they can also withstand the effects of both chlorinated and salt-water pools with a slip resistant finish.

Our paving products offer unrivalled affordability, durability, strength, versatility and style. Easy to lay and maintain, consider styles and colours ranging from Bluestone, Concrete, Porcelain & Travertine to name a few.

08

### COURTYARD AND ALFRESCO

Stepping outside into an impressive Alfresco or Courtyard is the Australian way of life. One of the most loved spaces of the household, life's memories are made in an inviting outdoor living space.

Whatever your landscaping needs, Buildpro stock a large range from industry leading brands to provide you with paving solutions with endless design possibilities.

# CLADDING AND PANELS

### AERATED CONCRETE

Buildpro is your local stockist of Autoclaved Aerated Concrete (AAC). This product is lightweight and extremely strong, versatile, durable, offers superior thermal qualities and is quick to build with.

Consider these amongst a host of other advantages when choosing a cladding product for your residential or commercial building project.

10

### LIGHTWEIGHT PANELS

Functionality meets style with lightweight wall cladding and fibre cement panels. With unparalleled design flexibility, Buildpro's range of cladding solutions make building easy, and perform better.

Whether your recreating the classic look of a weatherboard home without the ongoing upkeep, or a sleek profile for a modern finish, we have a huge range of styles for many applications, with the only similarity among all of them being just how good they look!

### STONE CLADDING

Natural stone is a very versatile material, especially when it comes to cladding. It adds texture, depth and interest to both indoor and outdoor spaces. It's natural ability to create an organic finish is unrivaled and complements a variety of styles from classic to contemporary.

A popular choice of professionals and DIYers alike, our natural stone range is easy to install and displays nicely as external cladding, an internal feature or a fireplace surround.

### TEXTURED COATINGS

In recent years, Textured Coatings, or more commonly known as Render, has emerged as a popular finishing product throughout Australian homes. And it's not just new homes that are receiving the rendering treatment. The relatively simple process and variety of textures and colours is now often used to give old homes a new lease of life as well as a worthwhile boost in home value.

In addition to its aesthetic appeal, house rendering also protects brickwork, maintains a modern look, and depending on the type of cladding material used, can also help aid in insulation.

# BUILDING AND LANDSCAPING

### DECKING AND STEEL EDGING

Buildpro stock a huge range of composite decking boards in a wide variety of profiles and colours. With all the charm of natural timber decking, but made with 95% recycled products, enjoy a maintenance free deck all year round.

Buildpro also supply strong, durable and flexible steel edging that lets you create just about any shape you like upon installation. Perfect for ground edging, raised garden beds or planter boxes, steel edging is the long-lasting landscaping solution you've been searching for.

### RETAINING WALLS AND **BLOCKS**

Dealing with a tricky slope and don't know where to start? Buildpro offer a huge range of retaining wall options to combat any level such as concrete sleepers and landscaping blocks.

Popular amongst the DIYer, concrete landscaping blocks have multiple uses such as stairs, raised garden beds, edging, fire pits and more. Explore a huge range of colours, profiles and textures at a Buildpro display centre today.
