To: ALL PERSPECTIVE HOME HEALTH INC STAFF
From: Christopher Estiandan
Date: November 24, 2020
Effective: Immediately
Subject: Mandatory In-service Completion

Good afternoon,

Just to inform you we have updated our website. You'll notice that there is a "FOR STAFF" section now.

<https://perspectivehomehealth.com/>

In the "FOR STAFF" section <https://perspectivehomehealth.com/for-staff/>

Here you'll find links to the CDC in regards to the latest updates for COVID-19. As well as "for your information" items such as our memorandums, monthly in-services, and help with documentation in relation to the SOC if you were tasked with completing one. There will also be a technical bulletin that is filled with pertinent links posted from the Department of Health and Human Services (DHHS) that we will be updating.

The monthly in-services are **MANDATORY**, we ask that you complete the short questionnaire in the link below to display your participation. You can also click the "Google Form" icon

<https://perspectivehomehealth.com/in-services-technical-bulletins/>

For PT groups, one representative to complete the form is adequate. We ask that you pass and make inform the pertinent staff of the in-services.

If you have any additional questions, please feel free to contact us here at our office.

Thank you.
