DEAR BARBECUE FRIENDS,

2026 is a very special year for us, because Napoleon® turns 50! For half a century, we've pursued one goal: to bring people together through our products, people who seek technology, enjoyment, and design at the highest level.

In this brochure, we'll show you how this mission gave rise to one of the most versatile and innovative grill brands in the world.

We are especially proud of our new flagship duo: the new Prestige PRO™ Connected Grills 500 and 665, which set new standards in outdoor cooking. Smart controls, premium materials, and uncompromising performance for those who don't just want to grill, but aim for greatness.

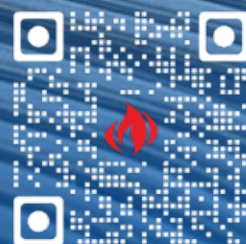

Our entry-level model has also been completely revamped: the updated Freestyle Series impresses with a fresh design, clever features, and an especially attractive entry into the world of Napoleon® Premium BBQs.

Also new to our line-up: Napoleon® Plancha Grills. Perfect for anyone who enjoys social, creative outdoor cooking. Whether Mediterranean, Asian, or vegetarian—plancha grilling opens up a whole new world of possibilities.

Since 1976, Napoleon® has stood for quality, reliability, and the drive to continually improve. We thank you for your trust and look forward to sparking fire and enthusiasm together in the future.

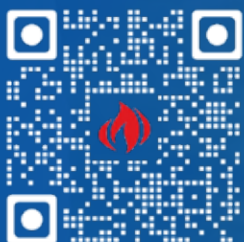

**Warmest regards,
Your Napoleon® Team**
