

# EAGLES WINGS

DECEMBER 2025

## Message from President Mike Eason

Dear Members,

It is reported that the Auction went very well. Good turnout. Tom Neff and Brett Schkler did a great job on the stage. Joe Apice and I met with Park Officials regarding our agreement and projects at

Suhaka Field. It was encouraging that the Park will start with the concrete improvements starting with concrete in the North Runway and west pilot pads. The agreement should be renewed and completed by the end of December. I asked if there was any problem with us adding a second connex. The Park has no problem with it. I will put another submittal together for the Park and ACOE approval. Once that is accepted, I will get pricing for funding approval from the Membership. Joe Apice has agreed to meet with the Park to get the concrete work on the right track.

Wishing all a Merry Christmas and Happy New Year,  
**Mike Eason**, President, DRCE

### Leadership Reports

#### President – Mike Eason—

Nominations for Board Members. No nominations made. Current Board approved to serve in 2026

Meeting with Park December 2, 2025 8:30 AM

Pete Link asked about Brett Schkler and him serving as Communications Officer. I think it is a great idea and have requested that they serve in that position. Loren Anderson pointed out that I haven't been posting agenda for meetings.

**Vice President – Dan Kellogg** — Unable to attend

**Treasurer – Joe Apice** — 143 Members currently. Reported on accounts sums. Joe will check on higher returns.  
Report on Finances

**Safety Officer – Joe Vedovati** — There was a fire at a home workshop. Fire blankets good idea for safety. Have prop off when setting up new models to make sure of rotation and throttle position.

**Director of Field Maintenance – Bob Hehemann** – Unable to attend  
Painting of lines in pit. Connex set up for winter. New storage plan moving coolers to roof. More Cracksealing will be scheduled using foam filler.

**Chief Flight Instructor – Mike Eason** – Reports from Instructors.

#### Show and Tell

Information on Auction and training meeting  
Pete Link shared 3D printed Box

#### Motion to Adjourn

Motion made by Joe Vedovati, 2<sup>nd</sup> Tom Neff, Motion Passed

#### Adjourn Meeting Time

Meeting adjourned at 7:40 PM.
