There will be first aid points at the start and at all stations. There will also be medical facilities at the Start / Finish in Queen's Park. If you feel unwell at any time please stop running and make your way to the nearest marshal or fellow runner who will assist you.

Service Stations

There are 2 runner service stations on the route plus the Finish area.

Each service station has access to toilets, first aid and water. At the finish you can also enjoy soft drinks from Franklin and Sons

Please make good use of these service stations, as even on a cool day, you will lose fluids through sweating.

There will be fruit and snacks available at the finish of the 10K

1	3.10	Water, Toilets, First Aid	
2	7.80	Water, Toilets, First Aid	
3	FINISH	Water, Toilets, First Aid, Refreshments	

We ask that all runners discard their used bottles/cups by the side of the road in both the interest of safety for your fellow runners - and to assist the post-race cleaning operation. Thank you.

Official Race License, Course Measure

The course has been measured using the same method used for the 2012 Olympic Marathon route and using the running line, which they call the shortest possible route - and all mile markers have been identified and will be signposted on the route - all using a GPS system, which is 95% accurate, the 5% always dealt with by a little extra added - so you're never sold short!

North England Course Number: 21/031

The Redbrik Foundation Chesterfield 10K has a Run Britain - UKA license and as runners, you will be able to officially upload your race times. **UKA License number - 2020-40295**

FR Systems are doing the race timing this year, and your times will be available after your race.

Please do not try to start at the front if you are inexperienced!

Participants must follow the instructions given by the event personnel. Private escort of participants on bicycles or otherwise is strictly prohibited.

Any deviation from the set course is prohibited.

We will have a professional race commentary team and trained marshals to make your participation in the race as smooth as possible.

The time limit for the 10K is 2 hours.

A "sweeper" vehicle, travelling at the 2 hour rate, is there for you to board to the finish should you choose. If you decline to board the sweeper vehicle, then please note, the roads will be re-opened to traffic, the marshals will disperse and you must proceed to the finish as a careful pedestrian.

Race Finish

On completing the race, and receiving your Medal, please walk through the finish area and turn into the Runner's Village to collect your water, food, grab a massage and if needed, medical attention.

Medical / Health Issues

If you are feeling unwell or have had an illness recently, please consult your GP before the race to get their opinion as to whether it is safe for you to compete.

If you are advised not to run please do not feel tempted to take part even if you are expected to raise funds for your charity - there will always be another chance.

All runners are asked to please write down your name, emergency contact phone number and details of your medicine/ condition on the rear of your race number. This will, in the unfortunate event of you being unwell, help the first aid crew to deal with your situation efficiently and sympathetically.

Quick Preparation Tips

- Before race day please make sure you have trained in the kit you intend to wear so you know it doesn't chafe or give you blisters. - Race day is not the time to break in new shoes!
- Visualise race day in training: See yourself running a strong race and one where you achieve your personal targets. Being mentally fit will allow your body to perform. If you get the chance use part of the route in your training runs so you know what to expect.
- Check the weather and ensure you have the right kit in your bag. Please leave plenty of time to get to Queens Park. We want you to be relaxed and ready to go!
- Whatever your reason or reasons for running, remind yourself of them regularly and never lose sight of what crossing that finish line means to you.

Refunds

In keeping with most UK road races, we are unable to offer refunds or deferrals to runners who, having entered, are unable to take part in the Redbrik Foundation Chesterfield 10K or Fun Run, for whatever reason.

Headphones

Headphones are permitted according to UKA rules if you are not competing for a prize. However, we ask you to consider that headphones prevent you from hearing what's going on around you, including all the people who turned out to cheer you on. You may also miss emergency instructions and warnings from other runners. For these reasons we would prefer you not to wear headphones.
