## PARENT & BABIES

**Maximum 8 per class. 30 minutes**

Introduce your baby to water confidence, familiarisation and safety through repetition and songs. Each class is catered to grow with your child's developmental stages and milestones.

- **Baby Splash** : 2 - 4mths
- **Water Babies** : 4mths - 18mths
- **Water Tots** : 18mths - 2 1/2 years

Parent participation is required in these classes and all children must wear a waterproof nappy.

## TADPOLES

**Maximum 3 per class. 30 minutes**

The Tadpoles program is largely focused on water safety. Children will transition from swimming with a back float to swimming 5 meters unaided. They will also learn to jump in the pool, float and swim while blowing bubbles all by themselves.

## GOLDFISH

**Maximum 3 per class. 30 minutes**

In this class, we introduce the basic components of freestyle and backstroke. Children will learn to torpedo with a streamline body position as well as bubbles and breathing techniques. We continue to teach safety through dog paddle and an unaided roll to float.

## STARFISH

**Maximum 3 per class. 30 minutes**

In Starfish we continue our stroke acquisition by introducing freestyle and backstroke arms. Children will continue to build confidence, body position and safety skills.

## STINGRAYS

**Maximum 4 per class. 30 minutes**

The Stingray class is held in a slightly deeper and longer area of the pool. We concentrate on refining freestyle and backstroke breathing techniques until we can remove the kickboard confidently for a 7 meter swim.

## DOLPHINS

**Maximum 5 per class. 30 minutes**

This class continues to focus on freestyle & backstroke techniques, working to improve the student's fitness by increasing the depth and increasing the distances to 12.5 meters. We introduce a seated dive and continue learning safety skills through 30 seconds of treading water.

## SHARKS

**Maximum 7 per class. 45 minutes**

This class introduces breaststroke and butterfly. We continue to concentrate on technique and encourage swimming further distances. 30 metres freestyle, 30 metres backstroke & correct breaststroke kick need to be achieved before moving to the next class. We progress to a kneeling dive and continue safety skills with 45 seconds of treading water.

## WHALES

**Maximum 10 per class. 60 minutes**

In Whales we complete our swimming journey with the addition of Butterfly. The children will progress to a standing dive and learn to incorporate tumble turns into their laps. To complete our swim school children need to complete 50 metres of correct freestyle, backstroke and breaststroke & 25 metres of butterfly.

## ANGELFISH

*One on One Swimming Lessons. 30 minutes*

The Angelfish Learn to Swim Program is a specially designed, one on one swimming lesson for children with a range of developmental, behavioural or learning difficulties. Some children need a little bit more time, attention & understanding. Joining our Angelfish Program, even for just a little while, gives your child that extra support and guidance.
