4. Discussion and presentations of committee member floor layout change ideas to work towards completing item #7 from our last meeting: 7. The committee selected to take time to review the presented information and again get together to see suggested changes to the current Blueprint to see what that would look like prior to involving CCC in making our desired changes. It was also recommended that we take time to envision and possibly tour other churches to assess the spaces ie. Hallway widths, wall heights, peak height, alter size, kitchen arrangement etc.
5. Discussion regarding involving CCC in this current process and possibility that their involvement may include an expense or Phase 2 Contract presentation, marketing participation, signs for the property. Alan to contact them to request a meeting, hopefully in person with the entire committee for possible layout changes.
6. Alan Thornburg shared that he would be willing to step down as Chair Person of the Building Committee.
7. Closing prayer offered by Laura Walters
