

Building Committee Meeting #26 January 18, 2026, 10:15 held at KHUMC

In attendance: Alan Thornburg, Jamie McMurtrey, Bob Dominicak, Brian Lewis, Rod Todd, Bill Marchand, Janette Jackmovich, Pastor Sharla McCaskell

Missing: Tim Reilly, Denny Gorton

Please note that Minutes from Meeting #25 November 2, 2025, have not been approved. We also had a meeting at Consolidated Construction Company office on November 24, 2025, in which all Building Committee Members were present. CCC recorded and presented minutes that need to be shared and adopted.

Devotion was led by Janette. Sharing that as we look forward to our future, God is with us!

Purpose of this meeting is to discuss Preliminary Option 3 Floor plan and Site plan presented by CCC. Basically, it is our list of needs put into a floor plan. Is the floor plan going to work? I.e. Size of classrooms needed according to Methodist building recommendations. Do we push out the classroom wall? If the price comes in too much, do we bring the back wall in to make the sanctuary and fellowship areas smaller?

Discussion that we have been given an estimate of \$365/sq ft total project cost. With approx. 10,000 sq ft building that is \$3.65 Million

Bob Dominicak made a motion to approve the Preliminary Option 3 plan to move forward to get the Elevation drawings and have Clint work up the price list. Brian Lewis 2nd the motion. Motion passed unanimously by hand vote.

We need the Elevation drawings to see what the church will look like from the street views. We need this closer estimate to see what the financial commitment will be for what we say we need.

Alan noted that we may have to go through a year of the capital campaign to be able to determine what kind of money we will be able to raise and we can adjust from there. Remember that at this point everything is Preliminary and we are not committed to anything.

Next meeting will be called when we have the Elevation drawings and building estimate from CCC.
