TLC Pediatrics Car Accident Financial Policy

- ❖ *TLC Pediatrics will not refuse services to any patient in need of presenting to the office for examination related to an injury sustained from a car accident.*
- ❖ *Patient/Parent is responsible for submitting payment directly to TLC Pediatrics for services rendered at time of service.*
- ❖ *TLC Pediatrics charges a flat fixed rate of \$150.00 for each office visit related to a car accident, if a patient is seen for multiple visits \$150.00 would be due at the time of each visit.*
- ❖ *Patient/Parent is responsible for submitting any medical bills to their automobile insurance carrier to seek reimbursement, TLC is not contracted with any PIP insurers therefore it is a patient responsibility to remit payment upfront and seek reimbursement through their automobile insurer.*
- ❖ *Any patient unable to remit payment for services related to a car accident would be referred to emergency room or urgent care, if additional services are recommended such as patient being seen by Neurology or Orthopedics, we will submit referral request to coordinate care.*
